This bit of news should be entitled "Anything You Can Do I Can Do Better". Recently, Chuck and Rae Williams, Chuck's brother Bob and wife Roxanne, and the Weirauchs spent a three day "canoe-along" weekend at the Au Sable Ranch and Ski Club. The weather was lovely, but cold. The couples, all in one canoe, were preceeding on schedule along the 17 mile course with experienced canoeist, Bob Williams, propelling the canoe.

AT ONE OF THE stops, Chuck decided that if brother Bob could maneuver the canoe so easily so could he. Chuck doing a fancy backhand movement brought the canoe, with all couples aboard, out backwards. Unable to swing the canoe around, Chuck, with the screams of the women in his ears, rammed a log and turned the canoe completely over. All of them were hurled into the icy Au Sable River. After a drying out they continued their journey with the understanding that Chuck was to be just a passenger.
