Your Child Could Be Gifted. Chances are you really don't know, but you may already detect some classic signs: basically intelligent and possibly talented, but bored in public school; eager to learn, but apparently unchallenged. A few private schools answer the academic needs of gifted and talented youngsters. Gibson School for the Gifted is one of them, and in the past eight years Gibson has served several hundred children identified as gifted. Soon to be relocated in newer and larger facilities in the northwestern suburbs, Gibson will offer 3 to 13-year-old children in pre-primary, elementary and middle school classes with a low student-to-teacher ratio. New facilities enable Gibson to accept a limited number of additional students for the fall term. For more information on enrollment qualifications, curriculum and tuition, call 336-2150 or write to: **Gibson School for the Gifted**, 3801 Eastham, Dearborn, Michigan 48120.
