–Albert Einstein

Personal Scene Ads In The Observer & Eccentric Newspapers allow you to record a message in your own voice over the phone. That way when people see your ad in the paper, they can dial your code, hear your message and leave a message of their own. You can call, day or night, to get your messages. It's fast, it's easy, and it helps people find out more about each other. Look in today's classifieds or call your Observer & Eccentric ad taker and ask about our introductory offer. You might find a friend who will do your taxes. One who is, in theory, relatively intelligent.
