Moving tips for families who list their homes with

Alger F. Quast

Ask the movers to dismantle the children's rooms last so they can be reassembled first in your new home. In this way the children will have things to keep them occupied in their own rooms during the bulk of the in and out activity.

And remember, when you list your home with Quast it's a good idea to start making your moving plans right away! Our list of prospective buyers and our active sales staff will assure you of the kind of fast action you want.
