Is introducing a used car guarantee without any "you pay half, we pay half" nonsense.

Most used car dealers sell their cars with 50-50 Guarantees. You know the deal: If anything goes wrong, you pay half the cost of parts and labor.

Well, our guarantee doesn't work that way. When we guarantee a car we guarantee the repair or replacement of all major mechanical parts* for 30 days or 1000 miles. No charge for parts. Labor. Anything.

(We don't give our cars a guarantee until all the things that need fixing get fixed.)

It saves us—and you—time and money in the long run.
