HOW TO AVOID A DOUBLE BOGIE

Guys: short print ad + short voice message = she doesn't call.

Women tell us: guys who say more are more attractive. So take some time and tell her some interesting facts about yourself. Tell her what movies you watch, what kind of food you like, what music you listen to, what sports you like. You don't have to bowl her over with your brilliant wit, just give her some details about yourself, so she can get to know you. Sure, we like the longer calls, but it'll pay off for you, too.
