When you can fix this Volkswagen, you can fix any body.

When you can rebuild the crumpled fender of a Volkswagen Karmann Ghia (built by hand in the first place by the Karmann custom coachmakers), you can hand-shape, hand-weld and hand-lead any body that comes down the street.

Since we can, we will: our VW Body and Paint Shop is open to everybody. For collision work. For touch-ups or total paint jobs.

If you're a VW owner, you know what to expect: service as good as the car. Craftsmanlike. And businesslike.

If you're an owner of any other car, come in anyway where you see our sign "Authorized VW Body Shop." Sometimes we think it ought to say "We do invisible mending."

Free estimates. 24-hour towing service.
