BENDIX
ELECTRO-OPTICS
DIVISION
This newly established division of the Bendix Corporation has several unusual openings for qualified men. These positions qualify for the full benefit program and will provide opportunity for growth as the division expands.
MAINTENANCE REPAIRMAN
Several openings available for versatile repairman to perform necessary maintenance in the new facility. Some general experience and routine mechanical and electrical work is needed as well as painting and routine carpentry.
SHEET METAL MECHANIC
Candidates should have at least 5 years of experience, preferably in Proto-type or experimental work since this is not a production opening. Should be able to work with stainless steel and aluminum and have Heli-Arc welding capability. This man will do a complete job from the print stage. Compensation will be based on experience and training.
