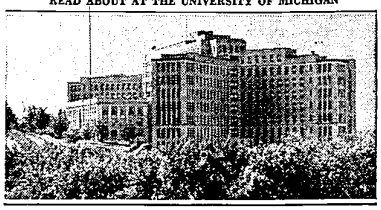
Mr. and Mrs. R. C. Burns and family attended their home church in Flat Rock, and spent the remainder of the day with Mrs. Burns' parents, Mr. and Mrs. H. J. Schrandt.

Your University

PERSONS, PLACES AND ACTIVITIES YOU HAVE HEARD OR READ ABOUT AT THE UNIVERSITY OF MICHIGAN



THE UNIVERSITY HOSPITAL

Medical treatment, education and research are all carried on within the University of Michigan Hospital building shown above. Patients, students and every citizen of the State benefit from the Hospital's broad program.

Physicians today must spend from 20 to 25 years in securing their education. After the regular college years, the student spends two years in the medical school laboratories and classrooms and from three to seven years in study at the Hospital. Courses for medical students, for specialists in various fields, and for graduate physicians returning for "refresher" training are continually in progress at the Hospital. Student nurses, dietitians, anaesthetists, occupational therapists, social workers, and others in every department are also given training in their various fields through the facilities of the Hospital.

The special facilities of the Hospital are used by the physicians of Michigan who may refer patients for examination or treatment and receive detailed reports of the Hospital's findings and results.

Research is carried on by the staff of every department. The blood diseases, diabetes, arthritis and heart trouble, to mention a few, are being studied in an effort to ameliorate the suffering of humanity.

The intensive activities in treatment, education and research tend to reinforce each other by their interrelations with the whole Hospital program.

Advertising is nothing more than a conversation between yourself and your merchant. He pays for it but it saves you money.

PLAN NEEDED PROPERTY REPAIRS *Now!*

Congress May Not Renew Title I of the F. H. A. Act Which Expires June 30th

When Congress created the Federal Housing Administration June 27, 1934, Title I of the Act, relating to modernization and repair, was intended to be temporary. The date of its expiration will be June 30th next.

Since it is not certain that the Act will be extended, it would be wise to plan to modernize and make needed repairs to your property now.

Any responsible person with a steady income may borrow for modernization purposes and repay monthly over a period of five years. We shall be glad to discuss the matter with you.
