What's In A Name?

J. D. RAHNER, left, General Passenger Agent, Florida East Coast Railway, and Geo. P. James, right, General Passenger Agent, Atlantic Coast Line Railway, are shown conferring with supervisors of forces handling the contest for a name for their new stainless steel, Diesel-powered Streamliner to be placed in service between New York and Miami early in December. Some of the more than 100,000 entries are shown in foreground.

Respectfully submitted,
OAKLAND COUNTY
BOARD OF AUDITORS
By Robert Y. Moore, Chairman.

Ruth B. Forsythe, Deputy Clerk

FOOD VARIETY INCREASES

Today and a half a century ago show remarkable differences in the amounts of protective foods eaten by the average American, say home economists at Michigan State College. Better food handling methods offer more variety year around in supplies of milk, tomatoes, citrus fruits, green leafy vegetables as well as canned fruits and vegetables and meats.

MILLIONS OF GRAPE VINES

Michigan produces annually such a volume of fruit that grapes in the state sometimes are overlooked. But a statewide estimate indicates there are approximately 18 million vines which in 1938 bore enough fruit to give the state third place nationally.
