Teen-agers are too often erroneously portrayed as lazy, too carefree and unconcerned about the harsh, hard work and realities of life. We at Alexander Hamilton Life Insurance Company of America do not agree with that view.

As we know them, teen-agers are mighty fine people who, if given half a chance, will work for every dime they earn. They're dependable, honest and willing. Of course there are exceptions, but they make up only a very small fraction of the whole group of teen-agers.

Busy Boys and Girls don't get into trouble. The young person who has a good job isn't going to become a juvenile delinquent. They're on their way to becoming good productive citizens, not public charges.

NONE OF THIS CAN HAPPEN unless YOU, the potential employers find and offer work to these young people . . . They want to work. Won't you give them a chance to prove it?
