**THE BMW 320i.**  
**AN EFFICIENT LUXURY CAR WITH 36 MPG.**

If the words "fuel efficient" conjure up images of small, practical cars hopelessly encumbered by their own virtues, we suggest you consider the BMW 320i.

For, while the 320i (with standard transmission) delivers an impressive 28 EPA estimated mpg, 36 estimated highway mileage and, based on these figures, an estimated mpg range of 38.3 miles and a highway range of 551 miles, it also delivers the sort of performance one associates only with a sports car. (Naturally our fuel efficiency figures are for comparison purposes only. Your actual mileage and range may vary, depending on speed, weather and trip length. Your actual highway mileage and highway range will most probably be lower.)

If you'd care to judge the 320i for yourself, phone us and we'll arrange a thorough test drive.
