

Benefit strivers
 "A Night for Adults at the Detroit Science Center," is being conducted as a fund raiser for the Children's Center, Michigan's oldest community-based provider of mental health services for children. Discussing the benefit are (from left) K. Peter Knudson, vice president

of the Children's Center board of directors and a Bloomfield Hills resident, and Children's Center Executive Director Theodore Lewis of Farmington Hills. The benefit will be on Sept. 17.

CONDO NEST EGGS
 This is a legitimate attention getter. We do have three Cluster Homes, each a supercreation, and we are listening. These are the last new cluster homes in Franklin Colony Club, undergirded from \$185,000, they are investment gems, and we do mean nest eggs because you can invest your dollars and live off of them while you enjoy big appreciation. Homes which sold here in 1975 have more than doubled in worth. You can buy now at the bottom of the real estate market. Visit our Franklin Colony Club office on site. Master center of Walden's Court, 1/2 mile South of Maple. Or better, call the Ivan Frankel Company, 436-7600, ask for Ivan. We will be glad to personally walk you around. See ten acres of Park, Swimming Pool, Pools, Franklin River and Wild Life. Phone Ivan Frankel Co., ask for Ivan... 626-7600

Here's how Chiropractic treats Headaches

Headaches can, of course, result from many conditions. But research has revealed that a common cause—often unrecognized—can be traced to the cervical vertebrae (spinal bones of the neck).

Seeking relief by merely drugging the pain off allows the cause of the symptoms to go untreated. If you have headaches, it would be wise to seek qualified professional counsel as early as possible from a doctor of chiropractic. Under chiropractic care, a patient is either or referred after a comprehensive differential diagnosis.
