The Israel Bond Organization is a major source of development capital for Israel, having provided more than \$5.6 billion since its inception to help build every aspect of the nation's economy. Israel Bond proceeds, channeled through Israel's Development Budget, help to finance industrial and agricultural projects, the construction of highways and harbors, the expansion of communications and transport and the development of new sources of energy.

Benno is a lawyer, real estate developer, financier and corporate planner. A native Detroit, he earned his BA Degree at the University of Michigan and his law degree at Detroit College of Law. He is a member of the Michigan Bar Association and is a member of the law firm of Evans and Lupiak.

Benno is a member of the Israel Bonds Canal Founders Society and the Israel Bonds Prime Minister's Club. Prior to his new role, he served as Cash Mobilization chairman and treasurer for the organization. He is a member of the board of Congregation Adat Shalom and the Jewish Federation Apartments. He is a member of the

Builders Association, the Detroit Real Estate Board and the Detroit Chamber of Commerce. Benno was the guest of honor at the recent 54th Anniversary Banquet of the Council of Orthodox Rabbis of Greater Detroit. He is married to the former Barbara Lanaky.

Shenkman, a native Detroit, is a member of the State of Israel Bond Prime Minister's Club and he and his wife, Miriam, are both Israel Bond Canal Founders.

He is a past president of Beth Aaron Synagogue and served for 15 years on its board of directors. He served for 20 years as board member, officer and president of the United Hebrew Schools. ## Contracts negotiated

Contract bargaining teams representing the Walled Lake Board of Education and Walled Lake union workers will have a busy summer — contracts are expiring with all 10 school-employee unions.

About 900 employees are represented by the 10 bargaining units, according to Superintendent Dr. Don Sheldon. The contracts have expiration dates at various times between June and August.

For the first time, school administration will not handle negotiations. Rita Thomas of the Michigan Association of School Boards (MASB) will be responsible for bargaining.

"I can't really say why the board went in this direction, except that they believe this was the way to go," Sheldon said.

A negotiating session already took place with the largest employee group, the Walled Lake Education Association (WLEA), representing about 450 teachers.

THE BOARD OF EDUCATION has established six major goals for negotiations. The top goal is to maintain the district's high standards of educational programming and equal opportunities for all students.

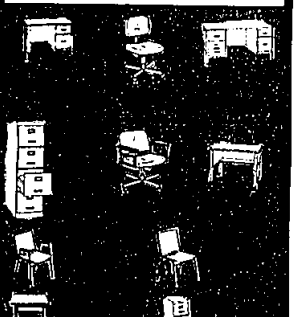

Other goals include controlling fringe benefit costs, providing a fair and equitable settlement within the financial resources of the district, and reaching a fair and reasonable agreement.
