'84 Olympics was smashing

Thirty new Olympic and 10 world records were smashed at the 1984 Summer Games in Los Angeles. The U.S. men's 400-meter relay ran 37.85 seconds to eclipse the 1930 world mark. Swimming also set the pace with a dozen new Olympic records. American athletes topped the medal list with 174,

and the largest Olympic crowd ever — more than 5.5 million — attended the 16-day festival of amateur sports. To develop a mobile security force, Olympic officials enlisted the aid of more than 400 motorcycles and all-terrain vehicles (ATVs) for Olympic sites and villages.
