

Drugs found in motel rooms; 3 are charged

Two men and a woman face felony charges in connection with the discovery of cocaine and marijuana in two rooms at a Farmington Hills inn last week.

Arraigned Thursday before District Judge Fred Harris of Farmington, Steven Andrew Miskey, 22, of Detroit, Michelle Lynn Knuutila, 20, of Redford Township, and Barry Alan Rajacic, 21, of Lanse, pleaded innocent.

Miskey is charged with delivery or manufacture of a controlled substance, a four-year felony; and operating a motor vehicle with a suspended or revoked license second or

subsequent offense, a one-year misdemeanor.

Knuutila is charged with possession of a controlled substance less than 25 grams, a four-year felony; and possession of marijuana, a one-year felony.

Rajacic is charged with possession of marijuana.

Harris set cash or surety bond at \$5,000 for Miskey and Knuutila and \$1,000 for Rajacic, pending a preliminary exam in 47th District Court.

A 16-year-old Detroit woman faces marijuana possession charges in Oakland County Probate Court Ju-

venile Division, Farmington Hills detective Patrick Monti said.

The four suspects were arrested after a security guard at the Holiday Inn of Farmington Hills, 30123 19 Mile, alerted police to possible drug activity in the lounge at 11 p.m. Tuesday.

Armed with a search warrant issued by District Judge Margaret Schaeffer of Farmington, Farmington Hills surveillance officers raided two rooms at 3 a.m. Wednesday.

Police took from the suspects more than one pound of marijuana, more than two grams of cocaine, drug paraphernalia and \$900 in cash, Monti said.

Little Piggies... Big Problems

This little piggy went to market, and stayed there. The foot is really a very intelligent organ. It's the only part of the body that can feel pain, and it's also the only part that can feel pleasure. In a lifetime, this complex organ will travel an average of 40,000 miles. It's no wonder then that 80% to 95% of all older people have some pain in their feet. Other problems that can cause foot pain are infections, fractures, and ankle sprains.

DR. DAVID UNGAR has been developing a treatment for complex disorders of the foot and ankles with big results. In conservative informed care.

Get anxious about your little piggies. Call Dr. Ungar for an appointment or more information.
