SOME PEOPLE JUST DON'T NEED TO LISTEN TO THE WEATHER FORECAST

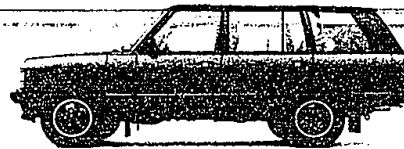

INTRODUCING THE NEW AUDI 100 V-6 QUATTRO.

To some people, an unfavorable weather report means a change of plans. Possibly even taking a different route. But not if you drive an Audi 100CS Quattro. With its unique all-wheel drive system, a new V-6 engine, an available 4-speed automatic transmission, and antilock brakes, Quattro® helps keep you in control no matter what the driving conditions are outside while a long list of standard comfort features make the most of your driving conditions inside. So put on some music or just enjoy a little peace and quiet. Whatever the forecast may be, it will always be Quattro weather.
