**WANTED---A FARM**  
Price Not To Exceed \$50,000.00

Approximately 200 acres inside Detroit's 30-mile circle. The soil, buildings, and other improvements must be good. Our client has a 100-acre farm in southern Michigan, 87 miles from Detroit. The buildings were erected in 1918 at a cost of \$95,000. The land for this extraordinary set of buildings was selected because of its fertility, beauty and location. The price has been reduced to \$20,000 because he wants it to apply on the purchase price of a larger one near Detroit. The difference can be paid in cash if necessary.

Sincerely,  
F. DEVERE FLEMING.
