WHO SAYS VOLVOS AREN'T ATTRACTIVE?

\$22,900*

NEW '94 VOLVO 940 SEDAN
The Volvo 940 Sedan. A European family car whose appeal goes well beyond its surface all the way to its price. Equally compelling are such standard features as anti-lock brakes, a steel unibody with Side Impact Protection System, power windows, and more. So see us for a test drive. Because while hearing about it may be one thing, driving it is definitely quite another.
