...and We Want to Share the News with You.

We're changing our maternity service to provide the first single-room maternity care system in Oakland County. Single-room maternity care is designed to provide options and individualized care to each family, in a private and beautifully decorated childbirth room.

Our new Family Birth Center will be fully renovated in the Summer of 1994. This wonderful new program is our gift to the community and expectant parents throughout the area.

We know having a baby is a very special event in your life. Come find out how North Oakland Medical Centers is making this meaningful experience even better!

For more information about the Family Birth Center, please call

**(810) 857-7555**
