FARMINGTON HIGH WIN AND LOSE

After Winning Three, Lose the Fourth to Milford but Take One From Holly

Farmington High ball team went across country to Milford to play ball with Milford High Saturday. This made the fourth game these two teams had played together in the last year. Farmington had won all the other three and hoped for the fourth. Milford was desperate however, and, as they themselves declared "went into the field with blood in their eye." However, they were very courteous, that is, the members of the ball team were, and won the game fairly in a very close contest. The score was 4 to 5 in Milford's favor, Milford winning the run that brought home the palm in the last half of the 9th.

Milford started out with a new twirler, but Farmington knocked him out of commission in 6 innings "Shelley," the old timer, then went in, but our boys found him quite frequently, too.

Our own Johnson, steady and true, pitched a splendid game for us and was never in great trouble and with just a little support would have won the game for us.

Clyde Adams, John Johnson and Harry Lewis took their autos over with a few rooters along. The game was well worth seeing.

Farmington High gathered a splendid victory from Holly High on Decoration day at Holly. Score was 5 to 11 in Farmington's favor. Johnson pitched almost a perfect game for Farmington, while Holly's pitcher was banged all over the lot. It was almost a shame the way our boys hit him.

He Can Cook as Well as Preach

Charles Lee, M. E. pastor at Salem, Mich., has been stopping for a few days this week at the M. E. parsonage, helping to keep bachelor's hall. Mr. Lee is a splendid cook and this accomplishment was very acceptable just at this time. We understand that Mr. Lee has received a call to the assistant pastorate of one of the largest city churches in Michigan to begin his duties there next September. He has not as yet accepted the offer.

This office enjoyed a short visit from Walter Bloomer Thursday. Mr. Bloomer lives at Sparta and was in Farmington for a call on old friends as he lived in the village when a boy. His father, who died three years ago founded the Enterprise 26 years ago and conducted it for some years, selling out to Mr. McKinnon.

WORLD'S WORKERS IN DIAMONDS.

Antwerp is known as the center of the diamond-cutting industry of the world, and how much of an industry it is is surprisingly shown by the recent publication of figures giving the number of diamond workers in the various countries. In 1871 there were at Antwerp only 800 diamond workers and their annual wages amounted to \$120,000, but in 1911, the industry having passed beyond the limits of Antwerp, there were in Belgium 16,000 diamond workers and their wages amounted to \$9,000,000. In comparison there were only 8,000 diamond workers in Holland, 800 in Germany, 400 in Switzerland, 300 in America, and 100 each in Paris and London.

WAS NOT ON HER JOB.

Cook—Ah, why was Q's new maid discharged?
Landress—Sure, it was because of her not "tending" to Fido; she let him get into the room where little Miss Bessie had the measles.—Judge.

ABSOLUTELY CORRECT PRESIDENTIAL DOPE

T. R. is the world's greatest statesman and reformer, a sardonic politician and a champion of right and cannot be beaten for the nomination, but he is a dictator, a windbag, a four-flusher, an incompetent and hasn't got a good look-in.

Taft is the greatest president we have ever had, a statesman of judicial mind and a constructive genius and has got the nomination clinched, but he is a mollicodde, a dreamer, a hot air expert, a blow-hard and hasn't got one chance in ten thousand.

T. R. really has 746 delegates to the national convention pledged and it is all over but the shouting.

Taft has 749 delegates clinched, including all those who are pledged to Roosevelt, and there is no possible way to jockey him out of the nomination.

Thirty-seven governors have declared themselves for Roosevelt, first, last and all the time.

Thirty-six governors are for Taft and will remain true to him until the end of the fight.

Taft will carry all of the southern states, excepting those carried by Roosevelt, and Roosevelt has a solid west behind him with the exception of about fifteen states which will go for Taft if they don't decide to go against him. All the pivotal states are for Roosevelt and they are also for Taft by a large majority. Taft is absolutely certain of renomination unless Roosevelt beats him to it, and Roosevelt will surely be nominated unless Taft gets more votes than he does.

Ladies Club Met at Clarenceville

The Ladies' Literary club met last week Wednesday with Mrs. Edna Dohany at Clarenceville. This was the banner meeting in attendance of the year, twenty ladies being present.

An interesting program was presented, completing the year's study of Japan, which has proved most interesting and profitable.

Mrs. Moore read a paper on "Japanese Architecture," brought over from a previous meeting; Mrs. Way gave a fine account of Japan's Great Men, while Mrs. Bertha Steele in "Japan as Seen by the Traveler," very cleverly recounted the experiences of herself and "Frank" in an imaginary trip to Japan.

The annual President's Day, the last meeting of the year was held June 5 at the home of Mrs. Ella Irish.

Rev. Lee McCollester's Farewell

Dr. Lee S. McCollester delivered his farewell address to a large audience last Sunday afternoon in our Farmington Universalist church. Dr. McCollester goes soon, we believe, to take up his new college duties in Boston, as dean of theology at Tuft's college, of which he is a graduate.

His hosts of Farmington friends, while feeling his loss keenly, wish him abundant success in his new work and feel confident that he will do increasingly and great good in that work. "In him, we all found a friend, ever kind, sympathetic, true."

Good Bread

is not always made from good flour. Sometimes, quite often, in fact, the fault is with the cook. But while poor bread is often made of good flour, good bread is never made of poor flour. The best cook in the land cannot do it. She must have the right flour and we recommend and warrant our PEERLESS brand for either Bread or Pastry. Spend your money for a home product. It will pay.

Bottled Sunshine

This isn't a sermonette, but a story; a story that will earn social ostracism for you if told in South Jersey.

Down at Bridgeton the business men got all' het-up over the prospects of locating the manufacturing plant of the "Sun Electric Generator Company," and they invested \$35,000 in the stock of as rank a swindle as ever emanated from "Get-Rich-Quick Wallingford.

It was the simplest thing ever. Just put a storage battery on the roof and let the sun rays generate electricity to light the house at night. The bottlers of sunshine are now in jail, but it developed that not a savings bank depositor had bought sunshine stock. Their money is still working for them in some strong bank like the
