NEW Lamps for Old

Electric light bulbs are not immortal—they blacken with age; finally they burn out. Electric service entitles you (without charge) to exchange blackened and burned out lamps for new lamps (in the usual household sizes). Small lamps may be exchanged for larger sizes. To get full benefit from your lighting service use only lamps of proper size—undimmed by excessive age.

Telephone Progress

The year 1928 has been one of outstanding telephone development and progress. During the past year expansion of telephone facilities of Michigan commanded the expenditure of more than \$25,000,000. During 1929 it is planned to expend upwards of \$26,500,000.

The expansion program for the five years ending December 31, 1933, contemplates the expenditure of approximately \$136,000,000.

This program is in line with our policy which is:

To continue to furnish the best possible telephone service at the lowest cost consistent with financial safety
