"Everyone says that my meals are delicious. My ELECTROCHEF* electric range helps wonderfully. Food tastes so much better cooked electrically. All the natural flavors of meats and vegetables are sealed in, and it's easy to make any number of tempting dishes in my ELECTROCHEF* oven. Even cheaper cuts of roasts cook to melting tenderness. And baking is a delight! My pastry is flaky, and my cakes are light and fine-grained. I never have to guess with the accurate ELECTROCHEF oven control."

*A study of 500 homes showed that the cooking cost with the ELECTROCHEF averages 64c a person per month
