## WISE MEN BRING GIFTS ELECTRICAL

*This Christmas Give Something Practical*

"Dasher," "Dancer," "Donder" and "Blitzen" are sleighing a heavy load of electrical gifts, this Christmas of 1931. Santa Claus knows his presents, and this year he is being more practical than ever before. Electrical gifts are used every day in the year—for many years. And what could be more thoughtful than a gift combining beauty, comfort and everyday helpfulness!

Zero outside—  
*and a gale blowing?*

### Lull Away Care With This Soothing Warmth

Solacing and restful for aches and soreness, an electric heating pad is just what you need for everyday needs. Its comforting warmth finds a ready use in banishing weariness, in assuring restful slumber, in lulling and soothing minor pains. And it's the grandest thing for cold feet ever invented! Don't be without one this winter.

Electric Heating Pads—\$3.95 up  
Operating cost 4¢ per hour

### BREAKFASTS are Nonchalant as never before . . .

There was a time when wives wore looks of furtive anxiety as they looked the morning eggs on the breakfast table. For husbands have a way of wanting their eggs just so . . . and three-minute eggs had a dismaying way of turning out to be only two-minute eggs, or maybe two-and-a-half. Now breakfasts are nonchalant. With the Electric Egg Cooker, a three-minute egg is a three-minute egg—no more, no less. And it is cooked perfectly in live steam!

Egg Cookers—\$5.50 up  
Operating cost 2½¢ per hour

From the moment you sweep up the pine needles—

### Your Electric Vacuum Cleaner Begins Its Endless Service

Appropriately, your gift of a new vacuum cleaner begins its long life of usefulness the minute you gather the pine needles from the rug. From that time on, it is in constant demand for a hundred and one cleaning tasks about the house. It's hardly necessary to list the many uses. Suffice it to say that an electric cleaner will save countless hours of time and labor, and prove one of the most indispensable home appliances.

Electric Vacuum Cleaners—\$54.50 up  
Operating cost ¼¢ per hour

Crisp, Golden Slices—

### TOAST THAT'S FIT!

A boon to breakfast tables are the newest electric toasters. If you like your toast hot and crunchy and golden brown—if you like to eat it while the butter melts—you'll like these modern electric toasters that make just what you want in a jiffy! A wide range of attractive styles are available for your selection.

### JUST THE THING—

For Breakfast, for Luncheon, for Dinner, for Parties and Informal Occasions . . .

### —WHAT? WAFFLES!

Chocolate, gingerbread or spiced waffles—waffles with chicken a la king, cinnamon waffles, or waffles with crushed pineapple and whipped cream! These are only a few of the delightful ways to serve this tempting dish! Maybe you prefer them with butter and syrup, or with honey; perhaps you like them with jelly or a cheese rarebit. In any case, be assured that an electric waffle iron prepares waffles that are light and crisp and golden . . . quickly and easily, without grease or smoke. The attractive new models have automatic features—the heat indicator, for example—that make them especially desirable.

Waffle Irons—\$6.95 up  
Operating cost 2½¢ per hour

### A MEAL FOR SIX . . . in a Magician's Hat!

It's almost magical how much this compact electric cooker will hold. A complete meal for a family of six—two vegetables, a custard, a roast, potatoes and gravy—can be cooked at one time. Best of all, this cooker is so economical that it uses little more current than a kitchen light. Furnished with a convenient handle, it can easily be carried in the car, keeping food warm for hours.

Operating cost 2¢ per hour
