- Could Any Husband
have remembered it in a more practical way?"

IT'S AN ELECTROCHEF . . .

"When my husband surprised me on our wedding anniversary with this new and completely different stove, I told him it was just what I had wanted for a long time. Cooking is so clean, so enjoyable, so convenient with this modern method. And my meals are simply delicious! It's almost unbelievable to turn a switch and see a glowing wire furnish PURE HEAT—without any smoke or soot or fumes. My cooking utensils stay as bright and shiny as the day I bought them. Here is a range that can really be kept spotlessly clean. The snow-white porcelain and sparkling chromeplate make the stove always look new. Simply wiping with a damp cloth restores the original luster. Every one of my friends who has seen my Electrochef declares that it's strikingly attractive and modern. Now all of them want an Electrochef of their own!"

SUGGESTED PAYMENT PLAN \$10—FIRST PAYMENT installed, ready to cook. Balance small monthly payments. Sales under these conditions to Detroit Edison customers only.
