STATE OF MICHIGAN
The Probate Court for the County of Oakland.
At a session of said Court, held at the Probate Office in the City of Pontiac, in said County, on the 21st day of November A. D. 1932.
Present, Hon. Dan A. McCaffery, Judge of Probate.
In the Matter of the Estate of CHARLES J. STADICK, Deceased.
Notice Shadick, administratrix with will annexed of said estate, having filed in said court a petition praying that the time for the presentation of claims against said estate be limited and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said court.
It is Ordered, that four months from this date be allowed for creditors to present claims against said estate.
It is Further Ordered, that the fourth day of April, 1933, at nine o'clock in the forenoon, at said Probate Office be and is hereby appointed for the examination and adjustment of all claims against said deceased.
DAN A. MCCAFFERY, Judge of Probate.
A true copy.
Florence Doty, Deputy Probate Register.
Dec. 1-1932.

THE LEADER CAN ACCOMPLISH WHAT OTHERS DARE NOT TRY

CHEVROLET PRESENTS A NEW SIX

And We Will Have It HERE SATURDAY In Our Showroom

Longer • Larger • Faster • Smoother • New in Styling • More Economical • And Featuring Fisher No-Draft Ventilation

THIS is Chevrolet Week throughout America. And the new car that millions have been watching and waiting for—the latest product of the world's leading builder of automobiles—is now on display: the New Chevrolet Six—at a new scale of low prices. Front, side, rear—inside, outside—everything about this new car is advanced, improved, exciting. Longer wheelbase makes it the biggest automobile in today's low-price field. The latest principle of car design, "Aer-Stream" styling, gives it a totally different, ultra-modern appearance. The new Fisher bodies are larger, wider—faultlessly streamlined—swooping lower to the road—and offer the first basic improvement in travel comfort in over ten years: Fisher No-Draft Ventilation. Chevrolet performance in every gear is faster, flashier, more brilliant: The time-proved six-cylinder

engine is more powerful as well as more economical. Improved Free Wheeling is combined with a "silent second" Synchro-Mesh gear-shift. Chevrolet engineers have developed a remarkable new invention that wins a complete victory over vibration: The Cushion-Balanced Engine Mounting! And as far as prices are concerned, several models now sell at the lowest figures in Chevrolet history. Chevrolet is able to do all this because Chevrolet has the advantage of being the world's largest builder of cars for 4 out of the past 6 years. Chevrolet builds cars in greater volume—buys materials in greater quantities—does everything on a bigger, more economical scale. Hence, Chevrolet is in a position to provide a better car at a better price than could possibly issue from any other source. The leader can accomplish what others dare not try!
