

# The Farmington Enterprise

FIFTY-FIRST YEAR—NUMBER 48

FARMINGTON, MICHIGAN, THURSDAY, SEPTEMBER 21, 1939

5 Cents a Copy

## Enrollment Mark Reaches New High

Enrollment figures at Farmington high school indicate that the school will "go over the top" this year in the number of students attending. Principal Max Thompson stated that he expected 400 students before registration closed.

This is a substantial increase over last year's figure of 371, which was the highest in the history of the school. Up until Thursday 387 students had enrolled and more were expected.

"When I came here three years ago," said Thompson, "there was an enrollment of 300. Since that time the number has increased at a rate of about 20 per year."

These figures are for the high school alone. The grade school attendance has increased similarly, however, and a new high is expected this year in the grades from one to eight.

On Monday the Freshmen tests will be given. These tests, consisting of the American Psychology Examination and the Scholastic Potter-Clarke arithmetic tests, are given each year, and by them teachers are assisted in placing pupils in the proper classes.

High school classes will elect their officers and members to serve on the Student Council on Monday, October 2.

## FARMINGTON WOMAN GIVEN U. S. CITIZENSHIP

International cares and worries have been alleviated for Mrs. Emil Kupsky, 3567 1/2 Howard Road, who became a naturalized United States citizen a short time ago.

Mrs. Kupsky, a native of what was once Czechoslovakia, was one of more than 100 foreign born persons who took an oath of allegiance to the United States in naturalization proceedings in Circuit Court. She formerly lived in Prague, the Czechoslovakian capital.

Questioned by an official of the United States department of naturalization and immigration, the new citizens gave their place of birth, their length of residence in America, denied any arrests, and brought with them two witnesses who testified to the integrity of the petitioners and endorsed the rights to citizenship.

Said Mrs. Kupsky, "I am so happy. You don't know how it feels to live in this country."

## KIWANIS CLUB TO ENTERTAIN GROUP FROM PONTIAC

Members of Pontiac Kiwanis Club will be guests of the Farmington club at their meeting next Wednesday evening. Vic Blakeslee, in charge of the evening's program, stated that he expects to have a speaker from the State Highway Department on hand to give the Kiwanians an idea of the workings of the Road group.

The problems of the care of underprivileged children were discussed in round-table manner at the Kiwanis meeting Wednesday evening. The club voted to give educational assistance to children who otherwise would be unable to attend school.

As an additional part of the project, the club plans to provide dental and other medical care for needy children. Cases which have been recommended by health authorities will be accepted for assistance.

Members also held further discussion on the "Charter Night" program to be held October 4 at Glen Oaks Country Club.

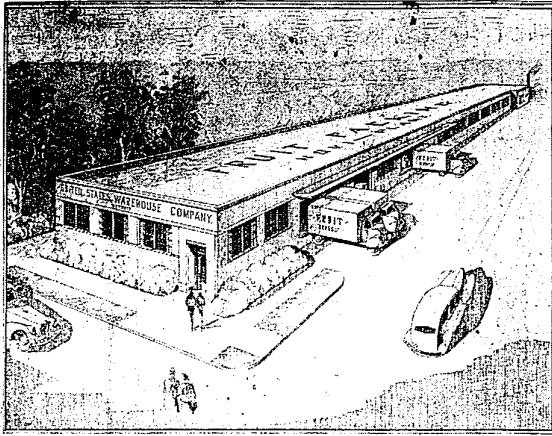

## Gildemeister Assumes Position On Board

Leo F. Gildemeister, new mayor of Farmington, took over his duties as a member of the Oakland County Board of Supervisors. Accompanied by former Mayor Howard M. Warner, he attended a special meeting of the Board Monday to become familiar with the work of the Supervisors.

With an important session of the Board coming up next month, Gildemeister has pledged to do everything possible in the best interests of the community he represents.

Mrs. Charles Cowley of Detroit, spent last week with Mrs. Bertha Westfall. Mr. Cowley was a Saturday evening and Sunday guest.

## Headquarters of New Novi Plant

## Warner Formally Takes Commissioner Position

Former Mayor Howard M. Warner has formally taken his position as Commissioner of Corporations and Securities. An Important State position, Mr. Warner's department will have supervision over all corporations and securities matters, and also matters pertaining to real estate.

Mr. Warner will continue to live in Farmington, although his duties will keep him in Lansing part of each week; and in Detroit part of each week.

## Team Prepares To Open Season

Farmington High School will open its gridiron season Friday evening, September 29, at 8 p. m., when it faces Flat Rock high school on the Flat Rock field.

A game tentatively scheduled with Redford Union to open the season Friday, September 22, was cancelled due to a conflict of schedules.

Coach Paul Shoemaker opened football practices a week before school started and the team has been working out diligently since that time. Several scrimmage games have been played and Shoemaker declares that some promising talent has been uncovered.

As a nucleus for his assistants, William Druker and Robert Hutton, have eight veterans of last year's team. All but two of these are backfield men, indicating that Farmington will have plentiful power behind the line.

If some of the new material can be whipped into proper shape before the opening game, a strong line may also be developed.

The tentative starting lineup will consist of: Joe DeVrient, right end; George Brykalak, right tackle; Hans Schultz, right guard; Tom Bacon, center; Mark Parry, left guard; Hugh Schram, left tackle; Jim Belcher, left end; Carl Hunt, quarter back; Bill Pelto, halfback; Jim Barrows, fullback; and Ed Barrons, fullback.

The majority of the passing and kicking will probably be handled by Hunt, while most of the heavy line plunges will be up to Ed Barrons.

Other boys who are likely to get a quick call from the bench are: Charles Sullivan, Tom Dwyer, Dale Reschblom, Norman Parett, Dick Davidson, and Jimmy Mitchell.

Shoemaker is supervising the coaching of the linemen, while Hutton is acting as backfield mentor. Druker is in charge of the Juniors, or seventh, eighth, and ninth grade teams.

## Fruit Sales Agency To Hold Formal Opening

Invitations have been issued to hundreds of producers to attend festivities and demonstrations Saturday, September 23, of the new project launched by the United States Cold Storage Corporation of a new plant designed to offer a complete service.

The building itself is ample in size, with complete installation of most modern available machinery equipment, and represents careful attention to each detail of its purpose. It is a single story structure, 144 feet long and 60 feet wide, of glazed the construction and has concrete foundations and floors.

Attached to the main building are a separate wellhouse and boiler room. At full operation the plant will give employment to about 50 persons and constitute a valuable asset to the town of Novi as well as a new and comprehensive agency to serve the apple producers.

Accessible Location The location of the new agency was chosen for its ready accessibility to the state's principal apple production areas. More definitely the plant is on Grand River Avenue, within thoroughfare between Detroit, Lansing, Grand Rapids and Muskegon.

The sales manager of the United States Warehouse Company, Detroit branch of the United States Cold Storage Corporation, William J. Lampping, has been named to manage the apple operations.

Will Sell Directly Sole object of the service, both on the part of the company and of its customers, the growers, will be to sell apples first-hand efforts of the staff at the plant including sales to truckers and later, in the case of the fruit which moves to the Detroit warehouse for cold storage, by the local commission firm which offers the highest price for them.

The primary function of the new facility will be to grade and pack apples with the practical idea in mind that, by means of a consolidated facility, a uniform grade and pack will be originated. As the fine quality becomes known, there naturally will be an increased demand which will give market advantage to fruit from the Novi plant and so result in great benefits to the growers not only in the immediate counties, but the entire Michigan apple production area.

After the fruit has been graded, the company will purchase second grade and cider apples to be used in the manufacture of apple juice, that will be clarified, filtered, flash pasteurized, sterilized, and vacuum packed, and immediately cooled for taste preservation, and will be marketed under the brand name of "Mich-O-Maid," supplying a new outlet for apples. This juice will be packed in tin containers as well as glass jugs and subsequently marketed by J. J. Thompson & Company, brokers of Detroit.

Will remain in the form of natural juice and will not be processed in any manner to impair its delicate freshness or native properties before it is packed—being produced according to formula developed by Michigan State College and which is policed by the Michigan Apple Institute.

Fee Set Although the Novi plant does not afford cold storage space, arrangements have been made to rent warehouse receipts here for such apples as are intended for storage. As required, United States Warehouse Company trucks will furnish a rapid and regular service between Novi and Detroit. The fee for selling fruit has been set at 10¢. The work of grading and packing the fruit in crates requires a charge of ten cents per crate, plus two cents per liner per crate, and the rate for the haul by truck from Novi to Detroit is five cents per crate. A regular tariff schedule has been filed to cover storage in the Detroit warehouse and these rates may be had on application to Mr. Lampping, in the United States Warehouse Company.

Visitors will always be welcome and the public and all grocers are invited to inspect these modern facilities at any time and watch the work of grading, packing and apple juice manufacturing operations while in process.

W. C. T. U. HOLDS MEETING The regular meeting of the Farmington Woman's Christian Temperance Union will be held at 1:30 Tuesday afternoon, September 26, at the home of Mrs. William McCollough. Officers for the ensuing year will be elected, and annual dues are payable. The young members of the Hollywood Loyal Temperance Legion will furnish the program by giving an exhibition of their work.

## Death Takes Mrs. Charles Andrews At Age of 91

The death of Mrs. Charles N. Andrews Monday removes from the city one of its oldest and best-known residents. Mrs. Andrews died at 12:45 a. m. at her home at 33209 S. Shawasssee street following an illness of several weeks.

Mrs. Andrews and her husband, Andrew, who would have celebrated their 70th wedding anniversary next November. They moved to Farmington 14 years ago from the family farm in West Bloomfield township where they have lived since their marriage in 1869. They lived there for 56 years before moving to their home on Shawasssee street.

Was 91 Years Old

Mrs. Andrews was 91 years of age and had spent practically all of her life in Oakland County. She was a native of Pontiac and attended school there. She and Mr. Andrews were married in Pontiac, Michigan, and in 1834 celebrated their 65th wedding anniversary amid a large gathering of friends at their home here. Mrs. Andrews was an active member of the Farmington Methodist church. Mr. Andrews is 97 years of age.

Surviving are four children: Meriah Andrews, who lives at the Shawasssee residence; Mrs. Mollie Benson, of Detroit; Harry Andrews, of Wapato, Washington; and Mrs. Florence Schlosser, of Oklahoma City, Oklahoma. A sister surviving is Mrs. Mary Lawrence of Serring, Kansas.

Services Held Thursday

The body was brought from Farmer's Funeral Parlors in Pontiac Tuesday to the residence here where services were held Thursday at 2:30 p. m.

Rev. Victor Longfield, of Detroit, officiated, assisted by Rev. D. C. Stubbs, of the Farmington Methodist church. Burial was in Pine Lake cemetery.

## ASCHENBRENER TO MOVE OFFICES TO NEW LOCATION

Dr. Z. R. Aschenbrenner, well-known Farmington physician, and his associate, Dr. H. A. Schumann, will move their offices from their present location at 33318 Grand River avenue to a building at 23503 Farmington Road, the corner of Farmington Road and State Street.

The building, which was purchased about a year ago by Dr. Aschenbrenner, is being completely remodelled. It was occupied recently by the Allis-Chalmers Co. Prior to that it was the headquarters for the Farmington Manufacturing Co.

Mrs. Aschenbrenner and Schumann plan to be in their new quarters by November 1. They will have several pieces of new equipment, including an X-ray machine.

Among the specialists at A. and P. Food Store this week is the offer of three pounds of Eight O'Clock coffee for 39 cents. This is just one of many bargains so hurry, hurry.

Have you opted in to Dickerson's Hardware yet to look over the new Link-Belt stoker. This modern stoker is guaranteed to cut your winter heating worries in half.

Clearing Prices Cut The Farmington Cleaners are offering sensationally low prices on cleaning and pressing. Prices here are now the lowest in years and you'll be pleased with the fresh, new look which your clothes have when they are returned.

For an evening of solid entertainment we suggest that you go to the Redford Theater. Their double feature beginning Friday and running through Monday is "Captain Fury" starring Brian Aherne and "Man About Town" with Jack Benny and Dorothy Lamour.

Have you ever been in a situation where you needed hot water in a hurry and there was none available, you'll appreciate the electric tea kettle featured at Detroit Edison. Just fill it up, plug it in, and before you can say "scat" you have hot water—up to four quarts of it.

This is bargain time for coal! Fill your bin with Farmington Lumber and Coal Co. coal and save the difference.

MRS. C. N. ANDREWS

## Hamlin To Head Board of Appeals

Delos Hamlin, well-known Farmington business man, and a member of the City Commission, will head the newly created Board of Appeals for the coming year. He was appointed to the position of chairman by members of the Board at their first meeting Tuesday evening.

Harry Moore, City Clerk, was appointed secretary for the Board. The Board consists of five members, two elected for a three year term, two for two years, and one for one year. Three year members are Paul R. Schreiber, and Bayard Rupper; two year members, Fredrick Barnall and Harold Oldenburg; and one year member, Delos Hamlin.

The Board was created under provisions in the Zoning Ordinance and will hear and settle all disputes which builders or residents may have against either the Zoning or the Building Code.

The Board will meet for the first meeting of the current year, Tuesday evening, September 26. All teachers, members of the school board, and Mr. Dunckel, new superintendent, will be in attendance, and it is requested that as many parents as possible, will be present. A very informal meeting is planned, the purpose being for the parents and teachers to become better acquainted. Light refreshments will be served at the close of the evening.

## Farmington P. T. A. To Hold Regular Meeting

The Farmington Parent Teachers Association will meet, for the first meeting of the current year, Tuesday evening, September 26. All teachers, members of the school board, and Mr. Dunckel, new superintendent, will be in attendance, and it is requested that as many parents as possible, will be present. A very informal meeting is planned, the purpose being for the parents and teachers to become better acquainted. Light refreshments will be served at the close of the evening.

## Shop and Save This Fall In Farmington Stores

The coming of fall weather brings many important changes and readjustments in the household. In order to provide properly for these changes you'll need to rely to a large extent on your Farmington stores and shops.

If you were disappointed with the type of heating arrangement which you had in your home last winter, you should take notice of the new type of heating equipment which you can have at the Farmington Hardware and Electric Co.

The drop of the mercury means a change in the type of food which you place on your table. For high end satisfaction in foods, shop at Hamlin's Food Market.

A "Trouble Shooter" The classified section of your telephone book is a handy "trouble shooter." You'll save time and money by consulting the "yellow pages."

For school clothes or most attractive fall styles for groupings, stop in for a visit at Fred L. Cook and Co. Cook's customers are satisfied customers.

Have you ever been in a situation where you needed hot water in a hurry and there was none available, you'll appreciate the electric tea kettle featured at Detroit Edison. Just fill it up, plug it in, and before you can say "scat" you have hot water—up to four quarts of it.

## School Asks For Bids On Equipment

Bids for equipment for the new high school gymnasium-auditorium will be opened at a meeting of the school board Tuesday evening, October 3, at eight o'clock. Specifications as to the equipment needed have been released this week and sealed bids will be received until the time of the meeting.

Equipment for the auditorium includes 355 stadium chairs, to be erected in the bleachers; 500 steel folding chairs, to be set up on the floor of the auditorium; stage furnishings, including a two-ton curtain, a cyclorama, backdrops, spot lights, a 16 millimeter movie projector, and a glass beaded screen eight by ten feet in size; and shades to be used for darkening the auditorium.

For the home economics department the school will purchase the following: three combination sewing-sewing tables, 52 by 26 inches; two combination serwing-sewing tables, 42 by 30 inches; a wall sink unit with cabinet; two work cabinet units; five sewing machines; one refrigerator; and two electric ranges.

Equipment to be used in the gymnasium includes two folding backstops, and two fixed backstops, for basketball; six rows of portable bleachers which will be erected on the stage during basketball games. The folding backstops will be put above the bleachers and the fixed ones on the opposite side, and will be used for basketball practice. The school already has a backstop for each end of the floor to be used during games.

For the lunchroom a gas range, sink unit and folding tables will be purchased. Classroom furniture including pedestal type tables, single pedestal desks, and storage cabinets will also be acquired.

The school board will accept bids on landscape work for the school grounds, including grading and sodding the lawn and planting shrubbery.

## EXCHANGEITES TO BE GUESTS OF REDFORD CLUB

Members of the Farmington Exchange Club will be guests of the Redford club Thursday. A special program is being planned by the Redford members in honor of the Farmington group. The luncheon program is scheduled to start at 12:05 p. m.

At their regular noon luncheon Wednesday the Farmington Exchangeites held a short talk by Mr. F. Archibald, representing the Detroit Community Fund.

Mr. Archibald spoke on the need of care for underprivileged children in the Detroit metropolitan area and appealed to club members to do all within their power to assist in giving proper care to these unfortunate children. The Community Fund is a concentrated drive throughout the area to raise funds for the care of crippled and underprivileged children.

Mr. Archibald illustrated his talk with slides which depicted some of the suffering of these children. The program was arranged by Dr. G. F. Weaver.

## FUNERAL SERVICES FRIDAY FOR MRS. CHARLES WALLING

Funeral services for Mrs. Charles Walling, who died early Wednesday at the home of her daughter, Mrs. William Burnett, will be held Friday, September 22, at two o'clock, from the M. E. Church, Rev. Sidney D. Eva will conduct services, assisted by Rev. Delmore C. Stubbs, with burial at South Lyon cemetery. Sponsor J. Heene is in charge of arrangements.

Jessie A. Walling was born December 11, 1873, the daughter of Mr. and Mrs. John Edgar Walling. She moved to this vicinity about twenty five years ago. Though Mrs. Walling had been seriously ill only a day, she had not been well since she suffered a stroke about twenty years ago. Cause of death was determined as a hemorrhage of the brain.

Surviving Mrs. Walling are her husband, Charles, four children, Mrs. Ray Ewers, Sponsor J. Heene, Ohio, Mrs. William Burnett, Rev. Elbert Walling, of L.A. Michigan, and Marie, two children preceded her in death. Also surviving are one sister, Mrs. Pea Porter, of Toledo, Ohio, and six grand-children.
