### A Bit Of Caution

Numerous complaints have been made recently regarding the fire hazard occurring through improper usage of the incinerator cans within the city limits. These cans were placed as a convenience and to assist in keeping property neat and clean, and never intended to create a hazard as they have now become.

The only way to eliminate this condition is for everyone who makes use of the incinerators to see that whatever trash he wishes to dispose of is burned when he puts it in the incinerator, not waiting until an accumulation is made. If this happens, along comes someone who has perhaps more to add to that already collected than the can is designed to hold, but he puts it on anyway, and touches a match — and that is where the fire hazard comes.

These incinerators are provided for the use of merchants and residents of buildings in the immediate vicinity, and if properly used are a real convenience. Mistake will not be tolerated, however, and might necessitate the removal of the incinerator cans. Your cooperation will avoid this step.

### How's Your Self Respect?

Are you willing to help win the war against Japan? Naturally you will say yes. There are two outstanding things those of us who are privileged to remain at home can do to aid our fighting forces. First, we can work to the limit of our strength and ability, without interruption; second, we can deny ourselves luxuries in order to buy the war bonds necessary to give our fighting men every ounce of equipment and food they need.

While millions of men are facing death and foregoing the pleasures of home and family life, every mother's son of us should put every dollar we can in financing this war, so that by the sheer weight of the equipment we throw into it we will bring it to a conclusion at the earliest possible moment, thereby saving the lives of countless loved ones.

After all, this is our war; our boys are the ones on the firing line; our homes are the ones being saved. How much would your life or property be worth if the Japanese army and navy had not been held at bay, and were not eventually demolished? Don't think that in buying War Bonds you are in some manner doing someone else a favor; you are the one who is really favored by having an opportunity to buy them. Think what it means to the boys at the front to know that the necessary money is given willingly to back them up.

All war loans necessary to knock out the Japs must go over the top with a bang. American bullets and American money are the most discouraging things they can face today. Why should we hesitate about buying that extra bond when the boy with a rifle hits the beachheads without question, knowing that at any moment he may be blown to bits or blinded or crippled for life — and then we quibble about loaning \$25 or \$100 to buy more supplies for him. There is only one answer if you wish to keep your self-respect.

This is what we must keep in mind, regardless of whether there is a Bond drive in progress, or not.

## Churches

### FIRST METHODIST

Rev. A. Stanley Stone, Minister  
 10:00 a.m. Sunday School, for fourth grade and above.  
 11:00 a.m. Sunday School, for nursery through third grade.

 Friday, 8 p.m. B.Y.P. "Fun-Night."

### CHRISTIAN SCIENCE SOCIETY

New High School Auditorium  
 Farmington  
 "Life" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, July 22.  
 The Golden Text (Luke 20:37, 23) is: "Now that the dead are raised, even Moses showed that the God of Abraham, and the God of Isaac, and the God of Jacob. For he is not a God of the dead but of the living; for all live unto him."  
 Among the Bible citations in this passage (1 Tim. 6:12): "Fight the good fight of faith, lay hold on eternal life, whereunto thou art also called, and hast professed a good profession before many witnesses."  
 Correlative passages to be read from the Christian Science text-book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (487): "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality."

Start Transplants Right  
 Transplants will get a better start in your garden if you give them a "shot" of starter solution made by dissolving 1 pound of 4-12-4 garden fertilizer in 10 gallons of water. Pour a cupful around each plant when you set it out.

Even Salvages  
 Before cutting any material, be sure the salvages are even as well as the top of the material. Make all notches and markings with thread or chalk before unpinning pattern from the material.

## BITS OF THIS AND THAT

By ELMER T. POCKLINGTON

### THE EGOTIST

When'er I see an egotist  
 I sorta hafta laff;  
 He thinks that he's the wheat itself  
 When he is just the chaff.  
 He thinks he's smart but that's because  
 He is so very dumb;  
 He thinks that he's the cream deluxe  
 When he is just the scum.  
 I find that folks who really have  
 A lot of things they know  
 Are just as modest as can be,  
 They never strut or crow.  
 Each lesson learned but opens doors  
 To realms of hidden lore;  
 Real knowledge always makes one feel  
 More humble than before.

## Looking Back Through The Enterprise Files

TWENTY FIVE YEARS AGO (July 23, 1920)  
 Three Barns Destroyed

A very disastrous fire occurred at Czekush Shores, Walled Lake, last Friday evening when the large barn belonging to Herman Czekush was set fire to. It got a good start before being discovered and soon all three barns were in flames. Once the flames spread to the house but were subdued before any damage was done.  
 Will Have Home-Coming

At a meeting of citizens in the Town Hall Tuesday evening plans and arrangements were made for a home coming celebration to be given in Farmington on September 4. It has been a long time since Farmington has had a public gathering and the people of our town are going to make this the biggest and best day the town has ever seen.  
 Home Nursing Class Convalescing

The home nursing class of North Farmington under the supervision of Mrs. Mitchell, held their last meeting at the home of Mrs. Ellis Randall on Friday. The class, in appreciation of Mrs. Mitchell's work with them, presented her with a beautiful cut glass fruit dish after which refreshments were served.

TEN YEARS AGO (August 1, 1935)  
 Driveways Truck Hits Building

Narrowly missing west bound traffic as it rolled backward down the slight incline on Grand River Avenue, a large truck, temporarily without its driver, came to a stop after it had crashed through the store front of the Otis-Grace salaroom at noon Wednesday. The truck was parked double in front of a grocery store on Grand River near Farmington Road while its driver was making a delivery.  
 Penalty For Late Taxes In Effect

Unpaid taxes are subject to a two per cent penalty which will be increased to four per cent September 1 according to an announcement by George Gildemeister, city treasurer. The amount of this year's taxes which have been collected has soared up to 54.5 per cent of the total assessments. This percentage is an increase of more than 20 per cent over tax collections made during the corresponding period last year.

FIVE YEARS AGO (July 18, 1940)  
 Joseph Graham Taken By Death

Joseph P. Graham long-time resident of Farmington Township, died Saturday afternoon from a heart attack. It was believed the attack was due to overexertion. Mr. Graham was working at a North Farmington cemetery here when he suffered the attack.  
 Motorists Avoid Grand River

The need for a Northwest Motorway of limited-access type to relieve Grand River Avenue traffic congestion has been strikingly shown by figures gathered in the first week of the State Highway Department Grand River survey. It reveals that Grand River has passed its stage of efficiency and cannot handle present traffic demands.  
 Ward Eagle Begins Term As Justice

Ward Eagle took his place as a Justice of the Peace on the Farmington Township Board this week, attending the regular monthly meeting of the Board Tuesday evening. Mr. Eagle was elected two years ago for a four year term, and with Tuesday's meeting began the final half of his term. It was the first meeting conducted by Ernest V. Blanchard, new supervisor.

VICTORY

### Civilians At War

The Government needs and asks its citizens in this 1945 week of war against Japan to:  
 1. Return to duty if you are one of the 2,000 inactive graduate registered nurses or a trained nurse's aide. Your local hospital needs you to help care for a record number of patients.  
 2. Buy only what you need and at ceiling prices. Supporting price, wage and rationing controls will save your money and help prevent the ruinous inflation.  
 Reminders  
 1. Meats: Fat, Rod Stamps K2 through U2 expire July 31; U2 through U2 expire August 31; U2 through U2 expire September 29; A1 through E1 expire October 21.  
 2. Processed Foods: Blue Stamps T2 through N2 expire July 21; N2, A1, B1, C1 expire August 21; H1 through H1 expire September 29; J1 through N1 expire October 21.  
 3. Sugar Stamps: Stamp 36 expires August 31.  
 4. Fuel Oil: Period 1, 2, 3, 4, and 5 coupons, good for ten gallons per unit, continue valid throughout the country for the rest of the heating year. New period 1 coupon in the 1945-46 ration may (Continued on Page Nine)
