

BEATRICE COE IS BRIDE OF WILLIAM SMITH

The Mt. Olive Lutheran Church, Detroit, was the scene on Saturday night, October 13, of the wedding of Miss Beatrice Coe, daughter of Mr. and Mrs. Carey Coe of Farmington, and Corporal William C. Smith, U.S.M.C., son of Mr. and Mrs. Charles Smith, 12104 Griggs Avenue.

The candlelight ceremony was performed by Rev. H. V. Mueller. The bride given in marriage by her father, chose a gown of white satin and chiffon, fashioned with a long train. Her cap was lace and orange blossoms, with a finger tip veil. Her bouquet was of

white chrysanthemums. Miss Alice Meybaw of Berkley was maid of honor, wearing peach chiffon and carried burgundy chrysanthemums. Miss Lillian Blonda and Miss Arvilla Tober of Redford were bridesmaids. They wore blue chiffon and carried pink chrysanthemums.

Little Janet Moritz of Berkley was flower girl. She wore pale green taffeta and carried a basket of yellow baby chrysanthemums.

Jack Howard, U.S.A., was best man. Ushers were Fred Burd, U.S.N., and Russell Konkel, U.S.A. The newlyweds greeted friends at a reception in the church parlors following the rites. Among the guests was the bride's grandmother, Mrs. Anna Weaver of New York. Her other grandmother, Mrs. Lovina Coe, was unable to attend. The groom's grandmother, Mrs. Effie Swanson of Kincardine, Ontario, and grandparent, Mr. and Mrs. Julius Smith of Detroit, were also present. Upon their return from a honeymoon, the groom will report to the Marine Base in South Carolina.

WORKERS OF 65 URGED TO FILE BENEFIT CLAIMS

\$1,015,865 is now being shared yearly by 4,216 Old-Age and Survivors monthly insurance beneficiaries under the Federal Social Security Act, reported Robert G. Misi, manager of the Social Security Office in Dearborn. During this quarter, \$20,667.24 in lump sum death payments was also paid to 132 beneficiaries.

For annual, the wives, widows, and children of insured workers constituted more than 60 per cent of the claimants who became entitled to monthly insurance benefits in the third quarter of this year, stated Misi.

Every married worker who is 65 years of age or over is now urged to file immediately an application with the Social Security Board in order to protect his benefit at the highest possible rate. "This is important," advised Manager Misi, since many workers of this age are undergoing a reduction of wages due to loss of overtime or placement on other jobs paying less money. A worker aged 65 or over who files an application to protect his benefit rate may continue to work and receive his subsequently earnings should increase his benefit rate. He will be advised to file a request for a recomputation of his amount. Misi stated that, "If a worker aged 65 or over files now, he has everything to gain and nothing to lose because his benefit may be increased if subsequent earnings warrant it, but cannot be reduced if his earnings should drop."

It is estimated that there are over 2,000 workers in this area who have attained age 65 and are otherwise eligible to file an application "to freeze their benefits," though they continue to work. Workers who are not able to apply in person should either send their friend, write, or telephone to the Social Security Office for the necessary forms.

Misi also pointed out that workers who have attained age 65, are eligible to receive Old-Age monthly benefits for any month of unemployment even though receiving Unemployment Compensation or still are on the employer's payroll. The fact that a worker is drawing Old-Age monthly insurance benefits does not prohibit him from returning to work any time he desires.

Health Enemy Number One
By Courtesy of SMITH-BRADLEY DRUG CO.
Do you know America's public health enemy No. 1? Nine out of ten readers will miss that question. It's not tuberculosis nor heart disease, but high blood pressure.
The American College of Physicians has called high blood pressure "the most serious disease in American life." It is the more serious because of wide prevalence, because it is often too lightly regarded, and because it can lead to conditions which are difficult to correct.
As a killer, it has overtaken and passed heart disease. The death rate of death attributable to high blood pressure runs into the hundreds of thousands.
Your doctor can determine whether you have an abnormal blood pressure. See him once a year. And take all prescriptions to a reputable drug store.

MANY CHOICES OFFERED MEN TO REENLIST

Today's army offers many advantages and privileges practically unheard of previously, according to Capt. F. A. Trumpf, head of the U.S. Army Recruiting office in Pontiac.

A man with World War II service who enlists in the regular army is entitled to his mustering out pay, the enlistment allowance, choice of service and the theatre in which he wants to serve, the captain pointed out.

The regular army offers an education, the opportunity to travel and a career with lifetime security, the recruiting officer declared.

All men discharged from the army between May 12 and Nov. 1 of this year are urged to investigate the special provision granted them when enlisting or reenlisting in the regular army.

Enlistments are being taken now at the U.S. Recruiting office, 53 1/2 West Huron Street, Pontiac, Michigan.

Special Provision Ends Nov. 20
The special provision permits men discharged between May 12 and Nov. 1, 1945, to be re-enlisted or regraded upon enlistment, but this provision expires Nov. 21. After Nov. 21 men discharged must enlist within 20 days from date of discharge in order to regain their former grade.

Original enlistments and reenlistments may be made in the regular army for periods of 18 months, two or three years. Men 17 or over are eligible for the regular army. However, no person under 18 years of age may be enlisted without written consent of his parents or guardian.

Men honorably discharged and enlisted within 20 days of discharge will be enlisted in the highest grade permanent or temporary which he held at the time of discharge, provided reenlistment is made before Feb. 1, 1946.

Reenlistment Allowance Paid
Reenlistment allowance will be paid to persons enlisted or reenlisted within 90 days of discharge on or after June 1, 1946. Fifty dollars will be paid for each year of completed service in the army, whether enlisted, commissioned or warrant grades, will be credited. Service is considered continuous when not interrupted at any one time for over 30 days.

The dependent or dependents of any enlisted man will receive a monthly family allowance during a period of enlistment or reenlistment.

JOURNALIST WILL APPEAR AT 'TOWN HALL'

H. R. Knickerbocker, one of the world's most colorful journalists, will speak at Detroit Town Hall in the Fisher Theatre, Wednesday morning, Oct. 31, at eleven o'clock.

In his lecture, "Ringside of History," the ace correspondent will analyze today's headlines, and interpret the latest developments in the international situation.

For seventeen years, Knickerbocker covered the news both at home and abroad. He was in Europe, Africa, Australia and South America on assignment, and at the war fronts during the fiercest

fighting. Since his return from overseas after winning the Pulitzer Prize for distinguished reporting, the noted newspaper has kept closely in touch with post-war problems.

The energetic red-headed newspaperman is the son of a Methodist minister from Texas. He came to New York at twenty, and from there to Munich where he officially began his writing career as a foreign correspondent. From then on, Knickerbocker counted danger in every war-ridden country on the continent.

Single tickets for the Knickerbocker lectures are available at Grinnell's, LA-121; season memberships at Town Hall Headquarters, Room 220 Hotel Statler.
