

ARMISTICE DAY... will be officially observed on Monday, November 12. This is our first peace-time Armistice Day in our time, and we should all be an extra minute thankful that we can

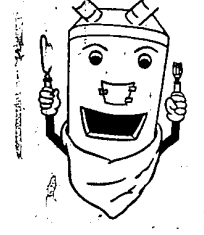

once again have an Armistice Day while the world is at peace. Church services are planned for Sunday, November 12. Make it a point to be in the church of your choice on Sunday.

ONE CAN'T FORGET... that there is a Victory Loan on while in Farmington, for every store window carries the new familiar Victory Loan emblem, in bright yellow. As Joe Himmelspach, chairman of the City and Township Bond group explained, "We don't ask" — they just went ahead and decorated up the town. The emblems are mighty attractive, and one can't help but feel that here is a town that will really get its part.

THE CHRYSANTHEMUMS... are almost gone now, but haven't they been just beautiful? Maybe one reason that we appreciate them so very much is because they come after all the other flowers are gone, and you can bring them in the house, and they last all last and last.

THE SHOWROOMS... that have long been empty are getting all spruced up now. It will be only a short time before they'll be proudly displaying new automobiles and new appliances of every kind and description. Never thought we'd live

to see the day we would think those big automobile corridors looked good, but they certainly are wonderful. It's been such a long time since we've seen them on the roads, and somehow the sight of them brings a lot of reassurance.

RATIONING... is much eased up from what it was a few months ago, but your patience will need to be on a strict diet. Maybe that's why the man of the house is doing so much complaining these days. If he builds a big fire in the morning the rest of the family practically doesn't stoke up well, then they're frozen before he gets home to find it at night.

HAPPY FACES... were seen all about town on Wednesday. Just a reflection of the Detroit decision on Tuesday, that was. It's been such a long time interested in it, as if it had been our own city election, and everyone seemed mightily pleased with the outcome.

CAST YOUR VOTES... the girl whom you would elect "Miss Farmington" this week. The winner will be announced at the Carnival to be held Friday evening, November 9, at the High School Gymnasium. You'll not want to miss this Carnival, for it will be the most worthwhile evenings of entertainment offered in Farmington, and the plans for this year indicate a bigger and better Carnival than ever before.

THE VICTORY... not complete until we have successfully met our quota for the Victory Loan. Buy a Bond today from the Gallant you will find at the Farmington State Bank, or at any official issuing agent. Invest in the Victory Loan.

Gift Boxes Are Solicited

The Groves-Walker Post and Unit No. 316 of The American Legion are again appealing to the citizens of this community to donate Christmas gift boxes for the thousands of men and women confined in service, veteran and private hospitals, throughout the State of Michigan. Certainly we all agree that every one of these present Americans should be remembered and not one forgotten at Christmas time.

By means of radio' through Eddie Cantor's Wednesday evening program and local publicity, all civilians are urged to purchase gifts suitable for presentation to hospital patients, pack or have packages packed, and send where they are purchased, make a list of the enclosed gifts and attach to the box covering, and turn them over to the local American Legion Post or Auxiliary Unit for presentation by the Legion and Auxiliary at Christmas. We urge that boxes be scheduled all boxes to arrive at the various hospitals prior to Christmas, the final date for acceptance of the gift boxes by the local organizations will be December 24, 1915. We urge that boxes be shipped early and turn your gift boxes in as quickly as possible.

Information from the various hospital authorities make it imperative that certain articles not be included in the boxes and a survey made among the patients to determine which gifts are needed and will be welcomed. Undesirable gifts are candy, food, liquor, civilian apparel, magazines, puzzles, scrap-books and used items.

Desirable gifts for men are: pens and pencil sets, cigarette cases and lighters, ballfolds, box cameras, toilet articles, fishing tackle, writing kits, pipes, leather belts, knives, watch straps, bed lamps, slide pla sets, books, tennis bats and key cases.

Desirable gifts for women are many in fact anything a female hospital patient may use. A certain small amount of boxes should be made up for women. Each donor is requested to include a card of identification and in order to make the boxes uniform they should cost between two and four dollars. The Legion and Auxiliary invite your active participation in this great Christmas Party for 15,000 Michigan patients. See that your donation reaches the collection center at Farmington Police Department, where it will be properly handled until it reaches the bedside of the patient you have made happy with the gift box.

Falcons Take Clarenceville

Those eleven boys who started last Friday's football game with Clarenceville played their last chance to play on the good old Farmington High School gridiron, as they overpowered their opponents 13 to 0. Yes, last Friday's starting lineup was an all-Senior lineup.

Farmington got off to a good start as they drove deep into Clarenceville territory twice during the first quarter. However, they were unable to score until early in the second period. They made a tremendous ground and aerial attack with halfbacks Van Hulle and McLean having the ball, and quarterback Miller passing to bring them up to the four-yard line. Van Hulle flared off the right side of the line; for the Falcons' first score.

Clarenceville then took the ball, but it was impossible to break through the charging F.H.S. line which held them from making any first downs, and soon Farmington took over on their own fifty, where they struck again as Miller passed to end Carley who carried the ball to the ten-yard line with a kick on his heels, lateralized to Van Hulle who scampered across the goal for the Falcons' second and final score. Miller sent the ball sailing through the goal posts for the conversion, thus leaving the final score 13 to 0.

The Falcons have come back after losing three straight, to win two in a row, and will play their final game at Keego Harbor next Friday, November 9.

MODEL PLANE EXPERT SPEAKS TO KIWANIS

Winners of the model airplane contest recently sponsored by the Farmington Kiwanis Club were guests of the Club at their meeting Wednesday evening. The speaker was Byron Rundt, engineer of the Michigan Composite Aircraft Company, a registered pilot. Mr. Rundt is greatly interested in the model airplane program, and gave an excellent talk on the subject.

He pointed out that model airplanes have been not only a stimulant to the boys of America, to carry them on to creative construction, but they have also been an agent in the fight against juvenile delinquency. It takes many hours of work to construct a model airplane, and the flying of such models is as much an art as is the construction.

Mr. Rundt stated that many boys have taken their model airplanes with them when they went into the armed services, and this has been encouraged and promoted.

Will Petition State To Install Signal

A young woman died as a result of an injury which she received in an automobile accident Saturday evening [at approximately 7:45 p.m. at the intersection of Farmington Road and the Grand River Cut-Off]. The woman, Mrs. Erma Campbell, 27, of 301 Mt. Vernon Street, Lake Orion, died just a year to the day from the time her husband a soldier, was killed in a plane crash.

Mrs. Campbell was a passenger in a car driven by Edward Earl Salomon, 2168 Woodale, Pontiac, Salomon passing south on Farmington Road. He spun around a car, driven by Hayward Salow of Farmington, who was stopped at the intersection, and drove onto the Cut-Off, directly into the path of an automobile driven by another driver, W. Stump, of Port Custer, Michigan.

The Salomon automobile spun around, throwing Mrs. Campbell from the car, onto the pavement. She was taken to Redford Receiving Hospital, where she died on Sunday evening. A light was formerly used on this corner, but was removed during the war, when lights were so badly needed in highly congested areas. This intersection is particularly dangerous, since cars parked on the intersection frequently obstruct the stop sign, and unless one is familiar with the highway, he may be at the intersection before noticing that it is a stop street on Farmington Road.

Chief of Police Joseph DeVriendt stated this week that he will take steps to petition the state to install a traffic signal light at the intersection. A light was formerly used on this corner, but was removed during the war, when lights were so badly needed in highly congested areas. This intersection is particularly dangerous, since cars parked on the intersection frequently obstruct the stop sign, and unless one is familiar with the highway, he may be at the intersection before noticing that it is a stop street on Farmington Road.

Various reports have come to the attention of Legionnaires of Groves-Walker Post, to the effect that it was rumored they did not intend to build the Memorial Home in the spring.

WILL BUILD MEMORIAL HOME IN THE SPRING

This is not true. The Legionnaires must remain in their present Legion Home for the winter, and in order to make it more comfortable, they recently staged a "bee," and a group of the men got together and painted the downy slabs. The entire downy slabs were redecorated at a cost of not over ten dollars, which was taken from the Legion fund, not the building fund which is controlled by the Memorial Home Association.

The American Legion will build in the spring and expect to start construction of the Memorial Home just as soon as weather permits, and materials are available.
