

# Around The Block

**MOST MODERN . . .**  
and attractive is the new showroom of the Everett Implement Co. and located at Orchard Lake Road and Grand River. The new building is completely new, with plenty of room for showing the latest of farm machinery and equipment, as well as giving plenty of space for the display of all smaller items and merchandise. Mr. Clarence Everett, proprietor, invites all his friends and customers to stop in and inspect the new show room.

**HOW ABOUT . . .**  
that contribution to the U.S.O. Drive? Remember, this is the last campaign the U.S.O. is staging and the last time you will be asked to give for this important work. The million and a half man still in service even though actual combat is over, and hence it seems that the war is over, too, for most American families. Give what you can and help meet the Farmington quota.

**THAT FAMILIAR NIP . . .**  
is in the air once again, reminding us that cold, winter days are ahead. And if that is not warning enough, how about the snow from Colorado these days? We're far from snowbound here, but old man winter may be closer than you think.

**THANKSGIVING . . .**  
that great American holiday, is just two weeks away. The poultrymen tell us there will be plenty of turkeys for everyone this year, but you'd better get your order in right now—or if you're a family man, you'd better get your order in right now, why don't you make a reservation and go out for dinner, and give mother a treat for a change? Shortly after Thanksgiving comes the Christmas season—incidentally, how's that Christmas shopping coming, hum? (Confidentially, we haven't even thought too much about it yet, so do take the hint too seriously).

**NEXT TUESDAY . . .**  
November 19 marks the anniversary of Lincoln's Gettysburg Address, given in 1863. It would indeed be well for all of us to review this famous address, and heed the wisdom of that learned man. We have already had our calendar of events, with their date—our common sense of that great leader of our country. Get out your history or reference book; or better yet, perhaps you have a biography of Lincoln, read it over, and take to heart what you see there. If you don't get a little different slant on things, then we don't know from nothing.

**A ROUND OF GAIEITY . . .**  
seems to have taken hold of Farmington these past couple of weeks, and it promises to carry right on through the holiday season. There have been all sorts of dances and parties, and the Twain Beauty Show, which is being announced, and if that is not enough, basketball season will be launched very shortly. This seems to always be one of the most popular sports with Farmington fans, and after such a successful year last season, the local Falcons are sure to take the center of attention in the weeks ahead. Better mark all the dates you want to keep in mind right down in your little black book now, or you'll find some of them whizzed by before you realized it.

**THE WOMEN . . .**  
in particular will be intrigued with the opening of Farmington's latest business addition, the Milotte Flower and Gift Shop. The Grand opening is set for this Saturday, and the location of the shop is in the brick house just East of Vivier's Service Station on Grand River Avenue. Mrs. Milotte and her son, John, invite you to come in on Saturday and Sunday, and look at the many gift suggestions you'll find there, and items that you will want for your own home. Take your time and browse around—incidentally, shopping right at home for Christmas this year is not a bad idea—or at least that is what we are told by those who have been spending some time in Detroit, and report the crowds are already terrific.

**DECORATING . . .**  
seems to be the vogue these days, with the store formerly occupied by Pauline's Market getting an entirely new face. The Twain Beauty Shop is getting a new paint job. With "due date" approaching it is really something to watch the girls dive underneath the canvas to re-apply their bill, and invariably they come up with the right change. Anyway, Farmington ought to be all bright and clean in a few short weeks.

## Many Scouts Receive Awards

The first Board of Review and Court of Honor to be held in this district in some time was held on November 12, with the following Troops attending: Troops attending were numbers 35, 41, 45 and 48.

The assembly was addressed by Ed Leland, Scout Executive, John Hunt, District Commissioner, Lee Hanson, chairman, and the following: Don Larson, Scoutmaster of Troop 35, and Kenneth Reeves of Troop 35, while Second Eagle award to be made to Don Larson, Scoutmaster of Troop 35, and Kenneth Reeves of Troop 35, while Second Eagle award to be made to Don Larson, Scoutmaster of Troop 35, and Kenneth Reeves of Troop 35.

## ADULT EDUCATION FEATURED ON PTA PROGRAM

The Farmington Parent Teachers Association will meet on Tuesday, November 15, at 8:00 p.m. in the High School Auditorium.

Mr. Lee D. Durban, assistant director of adult education in the Detroit Public Schools, will be the guest speaker, and his subject is "Quest For Knowledge".

It is the objective of the local P.T.A. to bring into closer relation, the home and the school, that parents and teachers may cooperate intelligently in training the child. It aims to bring about this objective by arranging conferences and study groups for parents. These groups, through the cooperative efforts of all, would create improvements in educational facilities, and secure for each child the best in physical, mental and moral education.

A group of girls, under the supervision of Mrs. Phyllis Plink, will entertain with a selection of songs.

Refreshments will be served by a committee of ninth grade mothers, under the supervision of Mrs. Sam Kosmensky.

Everyone interested in the P.T.A. is issued a most cordial invitation to attend this meeting.

## MEN'S CLUB PROGRAM WILL FEATURE MOVIE

The Men's Club of the First Methodist Church announces the next meeting will be held at 7:45 p.m. on Monday, November 18, in the church basement.

Opening the meeting will be a short business session and reports on school activities will be heard.

Heading the evening's entertainment will be a sound movie on industrial medicine. Dr. Collier of the Fisher Boy Division of General Motors and was employed by the firm. Refreshments will be served at the close of the evening.

The officers of the club extend a hearty invitation to all men and youths, who are interested, even though they are not members of the church or club.

## U.S.O. Drive Needs Your Contribution

### Small Response Has Been Received

Do you know that we still have a million and a half men in the armed forces of our country? That means that a million and a half individuals are looking to us to provide the means for a little relaxation and entertainment, and the comfort of the comforts and conveniences they left behind them at home.

It is to do this very thing that the U.S.O. is now making a drive, longer most we sacrifice and work as they call the "Secret-Through" campaign. To almost everyone the war is over, and therefore it is easy to relax and let down. It is easy to feel that we have done our share, and no longer must we sacrifice and work as it was at times necessary to do, during the time our country was at war.

There is still the responsibility, however, of providing these men with the means for their relaxation, with something to do. It is more difficult today to keep these men happily occupied, than it was several months ago, for then there was a stepped-up training program which kept them busy.

The U.S.O. is asking just this once more, that we give our support. The men who are working on the campaign locally are donating their time; they are getting in return, the money that, when they call upon you and ask for a contribution.

Farmington's quota is \$1,050 and the drive will continue until that sum is reached. In the past Farmington has always appeared in the list of communities that readily meet whatever request was made—surely this will not be an exception! It can not if everyone will do his part.

Make your contribution before one of the committee asks for your donation. Floyd Nichols is the treasurer of the local committee, which is headed by Paul Perce, and he will be glad to take your contribution at his office in the Warner Dairy Company.

## Winter Recreation Facilities Being Developed For Farmington

Facilities for a full scale winter recreation program are being developed for Farmington, it was announced this week by City Commissioner Ted Hinger.

Construction of a huge skating rink is already underway, Hinger announced. The rink, which is kidney shaped, is approximately 150 by 200 ft. at the large end and approximately 75 ft. by 100 ft. at the small end and has an overall size of about 3500 square feet. It is so constructed "that hockey games could be played on the large end while smaller children can still skate on the small end. The rink has already been bulldozed and leveled off, Hinger stated. The rink is located on Shawwassee St. across from the high school athletic field.

In addition to the skating rink two toboggan slides are being built on the south slope of the hill just south of 10 1/2 Mile Road adjacent to the skating rink. The large slide will be approximately 200 ft. long. A smaller slide is being constructed near by.

Application has been made for several flood lights to be erected over the toboggan slides. Hinger stated that he had received information from the Detroit Department of Parks and Recreation on how to best construct skating rinks and toboggan slides.

Consideration is being made on the possibility of securing a man to act as attendant in keeping the rink in top condition. Various service clubs and committees groups are being asked to cooperate in supervising the activities on the rink and slides.

## Falcons Bow To Holly, 19-6

In their second night football game of the season the Farmington Falcons lost to Holly, 19 to 6. Holly outplayed the Falcons from the opening gun. Although Farmington put up several sturdy goal line stands Holly was able to score in every quarter. The Falcons made 12 first downs to Farmington's 4, for an average of 3 yard gain per play compared to the Falcons' 2 1/2 yards gained per play.

The Falcons received the kick off. But early in the first quarter after recovering a Falcon fumble, Wilson, Holly left half, scored from the Falcons 6. Later in the same quarter after Delling caught Herb's 34 yard pass, Fredy McLean carried the ball over on a quarterback sneak. The period ended in a 6 to 6 tie.

In the second quarter upon completion of two 19 yard passes, Holly fullback Bestus charged around end of the second Holly touchdown of the game. Beach ran the extra point. At half time Holly led 13 to 6.

At the third quarter got under way, Holly backed the Falcons up to their own six, where the Falcon line held. Again in the same quarter the Falcons were backed up, this time to their three. Beach, Holly's yard gaining fullback, was over for the touchdown. The quarter ended Holly 19, Farmington 6.

Both Farmington and Holly came close to scoring in the fourth quarter, but neither team did. The game ended with Holly winning 19 to 6.

## SCOUT EXECUTIVE

Edward H. Leland

On Friday, November 15, the Boy Scouts of America, Clinton Valley Council, will celebrate the first year under the leadership of Scout Executive Edward H. Leland, who succeeded Herbert Watson after Mr. Watson resigned.

Mr. Leland came to Clinton Valley Council with a wide scouting experience, having attained the rank of Eagle Scout with three silver palms representing the State of Illinois in the International Scout Jamboree at Copenhagen in 1924, and he is a graduate of the Standard Professional and Advanced courses in Scouting as instructed by National Headquarters of the Boy Scouts of America. In addition, Mr. Leland is a graduate of Beloit College, with post graduate courses taken at the University of Wisconsin, Massachusetts Institute of Technology and the Harvard Graduate School of Engineering. In 1942 he enlisted in the Navy and at the end of the war was commanding officer with the rank of Lieutenant Commander, of the Naval Aircraft Commissioning Unit in Columbus, Ohio.

With his wife, son and daughter, Mr. Leland lives in Pontiac, and has served in the field of Scouting, Mr. Leland is a Protestant and always has been active in civic organizations, such as Red Cross and Rotary Club.

During the past year he has been responsible for many changes and improvements in administration and camping activities and with the coming of the new year, bigger and greater results are being attained as a present plan crystallize and unfold.

Scouting throughout the Clinton Valley Council is extending their good wishes for continued and successful work by Mr. Leland as their Scout Executive.

## Many Park Improvements Have Now Been Completed

### New Service Offered To Farmington People

The Social Security Administration is putting forth additional effort to adequately take care of all inquiries from people in this area. Beginning in December representatives from the field office in Pontiac will be in Farmington on the third Thursday of each month. That means that on Thursday, December 13, from 1:00 until 2:30 p.m. anyone who has any inquiry or any problem in connection with Social Security accounts, may go to the City Hall, and there will be someone there to help them.

This is a free service, and it is for your convenience. You are invited to make use of it.

### Water Softener System Delayed Indefinitely

A general discussion of the improvements that have been completed this year at the Farmington City Park, as well as future plans for the park, was given at the Tuesday evening's meeting of the Farmington City Commission. Commissioners F. W. Bagnall, Harrison Johnson, T. R. Hinger, Alfred Jones and Alvin Mackey were present at the meeting and Mayor Pro Tem Bagnall presided, in the absence of Mayor Delos Hamlin.

The new bridge at the park is now complete, except for a railing. A skating rink has been partially prepared. The possibility of having a supply of water close to the picnic grounds was also discussed. The commissioners commented on the tree planting which the Girl Scouts recently held in the park, and they expressed appreciation to Mr. Walter Coon, who donated the trees.

In a motion, made by Hinger, that floodlights be installed at the rink, was unanimously passed.

Commissioner Jones reported that the Library Board wished to make application to the City for a portion of the sales tax money that will be refunded to the community, according to the Constitutional Amendment passed at the recent election. The Library no longer will receive State Aid sufficient to maintain the library without additional help from the City and Township.

Commissioner Jones also mentioned the fact that repair to the sidewalk along Water Street should be taken care of as soon as possible.

Commissioner Necker reported that the City of Dryden is interested in purchasing the Dodge truck which is owned by the City. The city now owns as part of the fire department equipment. It was agreed that it would be a wise move to sell it, and the matter was left up to Mr. Necker, fire commissioner, and Leo Hendry, fire chief, who was present at the meeting.

The commission voted to pay the fire chief \$550.00 per year, and his assistant \$450.00 per year, as the city's share of compensation to these men, over and above the amount they receive for answering fire calls.

Approval was given for the purchase of an electric addressograph machine, to be used in Water Department billing.

The commission took action to inform the public that after construction of a line of problems that would be involved in the installation of a municipal water softener system, it was decided that it would be impossible to construct a softener system for at least five years. Some residents have hesitated installing a softener, or using a softener service by their house, because they thought it possible that the City might put in a municipal system, but this is not contemplated for at least five years.

The first and second readings of the zoning ordinance in Section 144, which provides for the installation of eave troughs, downspouts, and adequate drainage when necessary, will be held in Farmington for a public hearing on Wednesday, November 14, at 8:00 p.m. This will be social night.

All members are requested to be present at the meeting, and any extra dishes that they might have, and would like to donate to the Auxiliary cupboard.

## Trojans Swamped By Grosse Ile

An unexpected Grosse Ile eleven ran all over the field on Friday afternoon as they piled up a 35 to 7 victory over the Clarenceville Trojans on the Grosse Ile gridiron.

In the very early minutes of the game the Grosse Ile Red Devils opened up Clarenceville kicked off and Grosse Ile drove to a first down on the first play. The Red Devils quickly followed up with a 12 yard end around run for the first score of the game. The try for the extra point was good and the score stood 7 to 0.

Grosse Ile started off fast in the second quarter. On a series of running plays they piled up two first downs and smashed over for their second score. They failed to get the point after touchdown. Their next score came only a few minutes later when the Red Devils intercepted a Trojan pass on the 23 yard line. On a series of line plunges they scored again. They failed to convert and at the end of the half the score was Grosse Ile 19, Clarenceville 0.

In the third quarter the Trojans after having been pushed into a corner on their own 9 yard line, ran the ball back to the 23 yard line. On two end around plays the Red Devils scored again. They came right back to run the score to 32 to 0 on a short pass and a run. However, Grosse Ile ran the third quarter ended, Clarenceville bucked across for their only score of the game. The point after touchdown was good and the score stood 32 to 7. Only 25 points have been scored against the Red Devils this year.

Grosse Ile scored again in the fourth quarter on a fake kicked off. The point after touchdown was good and the score stood 32 to 7. Only 25 points have been scored against the Red Devils this year.

The meeting Thursday will be devoted to the discussion and election of a constitution for the chapter. A more thorough discussion of the objectives of the organization and some of the possible objects that might be undertaken will be studied.

Thursday, November 7, a small group of men got together for the first informal meeting. Several representatives from the Wayne Chapter of the United States Junior Chamber of Commerce, who are sponsoring the Farmington Chapter, were present to outline the organization of the chapter.

The purpose of the group is to promote civic projects for the best interests of Farmington and its surrounding area. It was pointed out that this organization is not in any way connected with the U.S. Chamber of Commerce. It is not a businessmen's organization exclusively. Any young man between the ages of 21 and 35 years of age may become a member regardless of his occupation. It is the hope of the local group to organize at least 20 men in the next week in order that they may apply to the national organization for a charter.

Any young man between the ages of 21 to 35, who is interested in an organization to promote the civic betterment of the Farmington area, is cordially invited to attend the meeting this Thursday at the Methodist Church.

All members are requested to be present at the meeting, and any extra dishes that they might have, and would like to donate to the Auxiliary cupboard.

## Tracy Conroy To Head Kiwanis Club In 1947

Tracy Conroy was elected president of the Farmington Kiwanis Club for the 1947 at the annual election of officers held last week.

Ray Elcher was elected first vice president, Tony Himmelspach, second vice-president and Joe Himmelspach, treasurer. Four members were elected to the Board of Directors. They included: Jim Newlin, Ed Kojman, Paul Schaefer and Jim Pate.

The officers elected will take over their duties on January 1.

A. C. Tagg is the retiring president of the club.

## WCSL Luncheon Is Next Thursday

The Woman's Society of Christian Service will meet at the Methodist Church on Thursday, November 21. Pot luck luncheon will be served at 12:30 p.m.

All women of the church are invited to attend.

## Army Air Forces Caravan To Visit Farmington

The Selfridge Field Army Air Forces Display Trailer will be in Farmington on November 30, from 2:30 p.m. to 9:30 p.m.

The people of Farmington are cordially invited to visit this seventy foot trailer display of Air Forces equipment. The unit's equipment which made Germany and Japan feel the might of air power.

Republics P-47 Thunderbolt was the most famous of the fighter bombers and was employed by the Ninth Air Force in Europe and by other Air Forces in all theaters of combat. Its ability to take punishment far beyond the reason of man will be confirmed by an 18 cylinder, 2000 H. P. Pratt and Whitney engine. It could carry tremendous combat loads. This engine is in the Trailer in cutaway form and is actually running! Over 2,700 moving parts are exposed for your inspection.

A cutaway of a 50 Cal. Aircraft Machine Gun is also on display. Eight of these machine guns gave the P-47 a fire power equal to a 2 ton truck, fully loaded, travelling at 50 miles an hour and hitting a solid brick wall: greater fire power per unit weight than a battleship.

Under the wings and belly were carried 500 lb. demolition bombs; the bomb which rocked fortresses in Europe. You can actually see one of these 500 lb. bombs by walking through the trailer.

Other displays include three inch high velocity Avia Rocket comparable to a 75 mm. Artillery shell and a five inch high velocity Aerial Rocket comparable to a 105 mm. shell.

Also on display will be a fully clothed model in a full-fledged flying suit, helmet, goggles, oxygen mask, and parachute. Avia Rocket is the complete winter/flying equipment of a fighter pilot.

A new feature of the Caravan is an 800,000 ft. candlepower searchlight which costs \$30,000 and can be seen from 10 miles away. It is of the type carried in all Army aircraft and other air equipment.

If you have wondered how our fighters were to intercept enemy fighters and bombers at a predetermined time, see the intercept equipment on display and actual personnel demonstrated.

All personnel of the Caravan will gladly answer any questions concerning the new peacetime Army Air Forces.

## Jaycee Chapter To Be Formed

A meeting of young men will be held Thursday, November 14 at 7:30 p.m. at the Methodist Church for the purpose of forming a Jaycee chapter of the United States Junior Chamber of Commerce.

The meeting Thursday will be devoted to the discussion and election of a constitution for the chapter. A more thorough discussion of the objectives of the organization and some of the possible objects that might be undertaken will be studied.

Thursday, November 7, a small group of men got together for the first informal meeting. Several representatives from the Wayne Chapter of the United States Junior Chamber of Commerce, who are sponsoring the Farmington Chapter, were present to outline the organization of the chapter.

The purpose of the group is to promote civic projects for the best interests of Farmington and its surrounding area. It was pointed out that this organization is not in any way connected with the U.S. Chamber of Commerce. It is not a businessmen's organization exclusively. Any young man between the ages of 21 and 35 years of age may become a member regardless of his occupation. It is the hope of the local group to organize at least 20 men in the next week in order that they may apply to the national organization for a charter.

Any young man between the ages of 21 to 35, who is interested in an organization to promote the civic betterment of the Farmington area, is cordially invited to attend the meeting this Thursday at the Methodist Church.

## LARGE CROWD ATTENDS LEGION ARMISTICE DANCE

More than two hundred people attended the Armistice Day dance sponsored by Groves-Walker Post 346 of the American Legion, at the Farmington High School in Saturday night. At Fortune's orchestra provided the music, both modern and old time, while our own John Alder called the quadrilles.

Commander Jack Stevenson expresses his appreciation to all who contributed to the success of the party and promises more fine entertainment in the near future.

The regular bi-weekly meeting of Groves-Walker Post 346 will be held in the Legion Home at 8:00 p.m. on Thursday, November 14. All who can attend are urged to be present.

## V.F.W. Auxiliary To Have Social Night

The Auxiliary of the Veterans of Foreign Wars will meet in the High School Cafeteria on Wednesday, November 20, at 8:00 p.m. This will be social night.

All members are requested to be present at the meeting, and any extra dishes that they might have, and would like to donate to the Auxiliary cupboard.
