to serve tourists with high-class attractions. But plans are now only on paper and will

take awhile to materialize. One plan is to introduce an ecology project along the northeast shores of the lake by planting a rice paddy.

It planted within two weeks, it is expected the rice will be ready for harvest in early fall before frost strikes. Club members admit to having little knowledge about how to harvest rice but are enthusiastic nevertheless.

If the project is successful, the Surfers and Turfers can boast ownership of the only rice paddy in Farmington as well as being the community's only yacht club.

THE SURF and Turf harbor-master will be appearing before the Farmington Township Board Monday night to ask trustees to set the date for formal dedication ceremony for Kenwood Lake.

Each trustee will be asked to make brief remarks at the ceremony, tracing the history of the lake and all the efforts that have collectively been made to make this all possible. A plaque may be prepared for location near the entrance to the lake, which is now closed because tides are too high.
