After adjournment, a social hour was held and a lovely luncheon was served by the hosts.

K. OF C. COUNCILS PLAN COLUMBUS DAY TRIBUTE

More than 3,500 members from eighteen Knights of Columbus councils in the metropolitan area are expected to assist at the reserved corporate Mass in St. Aloysius church, and participate in the public tribute to their patron following the Mass, Columbus Day, October 12, at 10 a.m.

Since Columbus Day falls on Holy Name Sunday this year, provision is being made by Rt. Rev. Margaret J. Hickey, Chancellor of the Archdiocese and pastor of St. Aloysius, to serve Holy Communion to all Knights in attendance at the Mass, whether or not they are in the church.

The Fourth Degree Commandry, under Dr. C. B. Lundy, will be present to facilitate the members entering the church, receiving Holy Communion, and in the procession to the Columbus monument in Grand Circus park, where a public memorial ceremony will take place.

A public address system will be installed in St. Aloysius, which will permit the overflow attendance outside the church to hear Mass and the sermon.

Members of each council will meet at 9:30 a.m. at a designated place in Washington boulevard, and proceed to the church in a march led by the Fourth Degree Commandry.

No parking, or pedestrian traffic, will be permitted in Washington boulevard by the police traffic detail during the time the Mass and tribute require, except members of the sixteen councils, whose cars will have to be parked outside the area.

A prominent church dignitary is to preach the sermon, and the ceremony at the monument will be conducted by a high-ranking state officer of the K. of C.

Plan Asparagus Plantings
Since asparagus plantings should last from 12 to 20 or more years, the crop should be carefully planned, the same as for starting asparagus.

RAM DAY TO BE HELD AT M.S.C. OCTOBER 8

Commercial and pure-bred sheepmen of the state will be able to select a ram from the best pure-bred flocks in Michigan by attending Ram Day at the Michigan State college sheep barn on October 8, reports Graydon Blank, MSC extension animal husbandry specialist.

The program will begin at 1:00 p.m. with the main sheep breeds represented. Purebred sheepmen are encouraged to bring in some of their best rams for this event.

If possible, prospective buyers should make their wants known as soon as possible to their county agricultural agent, or by writing directly to the Animal Husbandry department at Michigan State college.

Sheepmen unable to attend Ram Day may place an order with their county agricultural agent or the MSC Animal Husbandry department indicating the breed wanted, the number of ewes to be bred, and the price to be paid. A careful selection will be made and the ram shipped to the purchaser at his expense.

Blank calls the day a "one stop" visit to Michigan's best flocks which will provide an excellent opportunity to select a purebred ram. Ram Day at MSC replaces the Ram Truck which operated formerly.

Good market prices for fat lambs coupled with the fact that 90 per cent of the feed eaten by sheep is grass and roughage, place this class of livestock in a very favorable position, the specialist advises.

Father of Boxing St. Bernadine, a celebrated ecclesiastic in the 19th century, taught bare fist fighting, encouraged contests and is really the "father of boxing."
