

AROUND THE BLOCK

RIGHT OFF THE BAT . . . we are going to remind you that next Monday, July 7, at 8:00 p.m., is the deadline for registering for the August 5 Primary Election. If you must be registered in order to vote, your business is the main topic of the day and nothing could be more important to you and your country. If you live in the township, register at the Township Offices in the Town Hall. City residents should register at the Municipal Building. On Monday, July 7, both offices will be open from 8:00 a.m. to 3:00 p.m. Every indication points to a record registration in both the city and township, so get on the bandwagon! Are you registered? Don't put it off — register today so that you can have a voice in the August 5 Primary Election.

TRAFFIC WAS ROUGH . . . Last week end, wasn't it? Well, take a cue — because it is expected to be heavier and rougher this long Fourth of July week end. It probably would be a good plan to stay right in your own back yard if you can, but if you have to venture to the highways, keep your back roads wherever possible. That's the advice of police and safety officials, and it is good advice indeed. And remember, no matter where you go or what route you take, drive carefully. It only takes a minute of carelessness to spell out a life of sorrow for yourself and a lot of other people.

JUST A REMINDER . . . Don't trot that rubbish out to the curb this Friday night because the regular pick-up this week end has been shifted to Monday. Of course, there is nothing which says you can't do it, but in case you have forgotten the earlier notice, it might save you wondering about what was going on. The shift is being made so that the public works department employees can enjoy the Fourth of July holiday too. While we are talking about the holiday, we might mention that the city offices will be closed on Friday, August 4, including the fire department. The city will be closed on Friday. A number of stores and business places will be closed both days.

WE GOT THE ANSWER . . . This week to the South Farmington Road question. Everything is apparently according to plan and the widening and resurfacing has not been forgotten. The news is reassuring as we, as well as a lot of other Farmington residents, were beginning to wonder what had happened. Anyway, we are going to have our wider and smoother Farmington Road and according to the contractor it won't be very many more weeks away either. The job will be completed this summer, probably early in August. That means that in a very short time now there will be plenty of activity down Farmington Road. However, we can stand a little inconvenience for a few weeks in order to get a safer, smoother road.

ABOUT THE BESTEST PEOPLE . . . in town last week end were the City Manager, the Public Works crew and the police department. They worked long and hard in keeping Farmington's water supply from fading to nothing. Jim Tennant, along with Floyd Salow and several members of the Public Works Department, spent most of their time down at the City Park keeping one eye on the lone water pump in operation while working to get the new pump installed. They had to be on hand to be sure to patrol the city to warn residents not to sprinkle lawns. Finally, a public address system was installed on the police car for patrolling the streets. Tennant stated that residents cooperated very well, thus avoiding what might well have been a critical situation.

RIGGER AND BETTER . . . crowds are turning out every night for the Little League baseball games down at the City Park. The enthusiasm is increasing, too, and it is highly probable that the city will have a record crowd for the teams. So why not join the crowd tonight and help the family, too. We will see you down there!

SPRINGING UP . . . at every place are new houses, business places and buildings of all sorts and descriptions. Two new business places are being built on Grand River, one across from the Methodist Church and another down by the bowling alley. Then there are three elementary schools of the Farmington Township School District. The new addition to the North Street School is under construction. Just to add to the variety, the new township fire hall down on Wheeler Street is beginning to take shape and the addition to the Northwest Fire Station at Bell's Garage is now completed. This is all in addition to the many houses now under construction in the city which are in case there is any doubt as to whether Farmington is growing or not, a quick trip around the block is very convincing.

Playgrounds Draw Record Crowds . . . A total of 411 youngsters had registered for the Clarenceville Summer Recreation program at 10:00 p.m. Tuesday, according to Director Joe Marekell, with many cards yet to be returned. The Clarenceville playground has 408 registered and the Edgewood School playground has 103 registered. In order to accommodate the unexpected large enrollment has been made for the number of additions and changes in the playground schedule. Swimming is now being held on Monday, Tuesday, Wednesday and Thursday. On Tuesday, July 7, all ten year olds go swimming as well as the eleven year olds whose last names begin with the letters A to J. Tuesday at 10:00 a.m. six and under children go swimming along with eight year olds whose last names begin with the letters A to O. Nine year old youngsters go swimming Tuesday afternoon at 1:00 p.m. as well as eight year olds whose last names begin with the letters P to Z. Wednesday at 10 a.m. all 12 year olds as well as eleven year olds whose last names begin with the letters K to Z go swimming. On Thursday at 10:00 a.m. all 13 year olds and over participate in the swimming program. (Continued on Page Twelve)

PROMPT ACTION! KEEPS FIRE FROM DESTROYING BARN . . . Farmington Township, North-east Township and Walled Lake Township fire departments responded to a disastrous barn fire at the Joseph Tuma farm, 38765 Fourteen Mile Road, last Thursday morning when a fire extinguished flames that destroyed a chicken coop and were threatening a barn. Fire Chief Leo Hendryx and Northeast Fire Chief Bert estimated damage to the barn and destroyed chickens at \$500. Mrs. Tuma stated that the damage was covered by insurance. She added that fruit spraying outfits of Alden and Wendell Green, which arrived before the fire departments, cut down on the spread of the fire. Hendryx added that the fire department answered four or five calls during the week. Only minor property damage resulted.

GROVES - WALKER LEGION POST ELECTS OFFICERS . . . New officers for Groves-Walker Post 316, American Legion, were elected Thursday, June 28, retiring Post Commander Charles Larson announced this week. The newly elected commander is Thomas Barber. Other officers are Francis Hoffman, senior vice commander; Joseph H. DeVriendt, junior vice-commander; Donald Yonks, historian; and Stewart Ruelle, chaplain. It marks the 10th anniversary of the Groves-Walker Legion Post. The adjutant and finance officer will be appointed by the new commander.

Our Lady of Sorrows Plans Building Festival . . . Members of Our Lady of Sorrows Parish have begun making plans for their building festival to be held Thursday, September 4, through Sunday, September 7. A turkey dinner, with serving beginning at 11:30 a.m. Sunday, September 7, and lasting until 7 p.m., will be the feature of the festival. The festival will be held on Grand River near Orchard Lake Road on the Parish grounds.

Wading Pool Closed Last Week To Conserve Water

"What's a wading pool without water," is about what Paul Gilligan, 31200 Hall Avenue, Farmington, is thinking as he looks dejectedly at the empty wading pool in the City Park. The pool was ordered closed last week end as a precautionary measure to help conserve Farmington's water supply. Only one pump was in operation over the week end and as the second pump was

Farmington Road Resurfacing To Start Next Week

Resurfacing work on South Farmington Road is scheduled to begin about July 10, according to word received from the Cadillac Asphalt Paving Company, contractors for the project. According to the company, some excavation work in connection with the base widening of the road has begun. Most of the preliminary work has already been completed. Utility poles have been set back, wider culverts installed and brush cleared. A spokesman for the company stated that they are now finishing up a number of other road projects in Oakland County and as soon as they are completed the South Farmington resurfacing job will begin. According to the specifications set up by the State Highway Department, the project is to be completed by July 31.

Board Drops Modification Plans, Accept Original Contractors' Bids

Construction contracts for the new Farmington High School building were awarded Monday evening at a special meeting of the Board of Education. All of the bids were awarded on the basis of the original bids prior to the proposed modification of plans. Superintendent O. E. Dunckel reported to the Board that the District has sufficient funds to build the building in accordance with the original bids, not counting the classroom equipment. In order to have sufficient moneys for equipment, the Board previously felt it necessary to eliminate some of the rooms. However, because the District would have to sacrifice considerably in modifying the plans the Board agreed to accept the original bids.

Expect Record Vote Registration With Deadline Set For Monday

New registrations for the August 5 Primary Election are continuing to pour in according to Township and City Clerks with only five days left before the deadline. Harry McCracken, Township Clerk, stated that extra personnel had to be added Saturday to handle the rush. All indications point to a new record registration period, McCracken stated. There are at the present time 4,090 township residents registered, and this figure does not include the new registrations taken during this period. It is estimated that this figure will be increased between 10% and 15% when the new registrations are added.

New Pump Eases Serious Water Situation In City

The city's water situation has become serious this week end with only one pump in operation. The second pump went out last week and is now being repaired. It is expected to be back in operation sometime this week or the first part of next week. However, with the installation of the new 600 gallon per minute pump the critical stage is passed, James Tennant, City Manager, stated.

Township And City Clerks To Be On Duty July 7 From 8 A.M. To 8 P.M. For Final Registrations

New registrations for the August 5 Primary Election are continuing to pour in according to Township and City Clerks with only five days left before the deadline. Harry McCracken, Township Clerk, stated that extra personnel had to be added Saturday to handle the rush. All indications point to a new record registration period, McCracken stated. Emergency Measures Taken Over Week End

The city's water situation has become serious this week end with only one pump in operation. The second pump went out last week and is now being repaired. It is expected to be back in operation sometime this week or the first part of next week. However, with the installation of the new 600 gallon per minute pump the critical stage is passed, James Tennant, City Manager, stated.

COMPLETE ROUTE CHANGE-OVER AT POST OFFICE

The reorganization of rural and mounted routes at the Farmington Post Office has been completed, Charles Habermehl, Postmaster, announced Monday.

EMERGENCY STEPS

On Saturday and Sunday emergency steps were taken by the city to conserve the water supply and lighten the load on the lone pump in operation. Tennant and members of the Public Works Department patrolled the city requiring persons to stop watering lawns and gardens. On Saturday afternoon a public address system was secured and mounted on the lone car for patrolling. By means of the loud speaker, residents were asked to curtail use of water until the new pump could be installed.

Represent Community Eight Farmington Area Boys Elected Public Officials At Wolverine State

Eight boys of Farmington and Clarenceville were named to offices as the result of elections at the 14th annual Wolverine Boys' State which took place at Michigan State College, East Lansing, June 19 to 27. The session is sponsored annually by the American Legion, Department of Michigan. Howard Geis is elected City Clerk of Farmington; Jack Cowart, Bingham County Senator and Mayor of Jackson; Dick Tyler, Coroner of Jackson County; Sam Isenberger, member of the University Board of Regents of the University of Jefferson County; Loren Clifford, Baldwin County Representative; and Pierce City Councilman; Robert Mansfield, Board of Regents of the University of Michigan; Jim Ford, Mayor of Taylor and John Miller, City Councilman of Plerce. They were among the 1,000

Record Traffic Expected In Area During Holiday

Farmington police will be on extra duty during the Fourth of July holiday to handle the expected record traffic on the streets and highways in the Farmington area. City Police Chief Joseph DeVriendt stated that three city policemen will be on duty throughout the Fourth of July with the other policemen on regular shift. The township policeman will be on duty during the day and will coordinate his activities with the city police. James Conway, township police officer, will also be on duty in the city.

Seek Red Cross Drivers For Local Mobile Unit

An urgent plea is being issued this week by the Farmington Red Cross Mobile Unit for drivers, Mrs. Ferrel Weber, chairman, stated Monday.

Clarenceville Fire Hall Takes Shape

Exterior walls of the new Township Fire Station on Wheeler Street begin to rise as workmen speed the construction of the building which will serve the Clarenceville area. The new fire hall, which will also serve as the polling place for Precinct Two voters, is expected to be completed in time for the November Presidential Election. The new building will contain two fire engine stalls, a voting room, garage, office, storage space and boiler room. The building is being erected at a cost of \$42,208. R. D. Baschma is the general contractor.

ED HOHLER BUYS CIVIC THEATRE FROM CHAIN

Community Theaters announced this week that Ed Hohler has purchased the Civic Theatre, Farmington, and will operate it as an independent theatre. Hohler, 3019 Oakland Avenue, opened the Civic Theatre on September 22, 1949. With the exception of three years which he spent in the U. S. Marine Corps during World War II, Hohler has supervised the operation of the Civic Theatre. The new owner emphasized that the Civic will operate as an independent theatre. He added that he will personally book all pictures. (Continued on Page Twelve)
