"Girls, you MUST see the mattress & box spring we bought in BLUNK'S Special 10 day Sale . . . and for only \$38.98 each."

"It's a Stearns and Foster Famous Hotel Bilt Ensemble. It has an Insulo Cushion. This is a quilted pad of cotton next to the coils. Then there another layer of cotton felt on top of that."

"The seat Edge Construction is made from heavier wire so that sitting on the edge of the bed will not break it down."

"The narrow striped ticking and the tailored edges are beautiful."

"The springs and mattress in Joe's room had worn out so gradually we didn't realize it until we tried it a few weeks ago. Then we got busy."

"We shopped a lot before we bought. We saw other outfits at \$15.00 to \$20.00 more that didn't have as much to offer as this one."

"They have other qualities too, from Stearns and Foster, Simmons, and U. S. Koylon."

"And, Oh! I almost forgot. You can get extra length and extra width outfits, too, for as little as \$10.00 extra per outfit in the higher priced qualities. And you don't need new beds for the extra long sizes either. They have a Bed Rail Extension that you can buy for your present beds. Don't take my word for it. Go in and see them right away!"
