Looking Ahead
By Dr. GEORGE S. BENSON
(Continued from Page 2B)

to 5.9 per cent of this total income, or about \$17.8 billion. Approximately 30 per cent of the remainder, or about \$59 billion, was paid into the various governmental units in taxes. That left \$192 billion going to individual citizens in personal income.

And what about the corporation profits; where did they go? Three and three-tenths, or \$9.9 billion, was paid directly to the stockholders — more than 12,000,000 people, most of them small town residents earning less than \$7,500 a year. The other 29 per cent of the profit was ploughed back into the businesses — to buy new machines, to pay for research, to develop new production methods and new products, to expand plants, to help build new plants, and to make new and better jobs.

On Sales Dollar

There is another way to measure corporation profits — on the sales dollar. In the last year for which we have official figures, the annual corporation sales in America totaled \$308 billion. In spite of the belief of some people (and that is propaganda) that profits run 12, 15, 25 and 50 per cent — the fact is that the profit on this \$308 billion in sales amounted to 3.2 per cent.

On my desk is a recent annual report of a big packing company, showing the breakdown on its sales dollar: 73.2 cents of each dollar went for shipping costs; 5 cents for supplies, chemicals, packaging; 1.3 cents for taxes; 4 cents for plant maintenance and other necessary services for doing business. That left in net profit, eight-tenths of one cent on each sales dollar! And a substantial part of this went back into the business, to make better products on more jobs.

The alternative to the profit system is Socialism — with its loss of freedom and drastically lower living standards. We should all understand these other facts about our profit system — and be strongly for it.

Named To Dean's List At Mercy College

Those winning coveted places on the dean's honor list were announced last week by Sister Mary Justus, R.S.M., Dean of Mercy College, Detroit. Covering the entire campus, only those students attaining a very high scholastic marking at the end of the last term were named to the favored list.

Included in this listing of top honor students were the following from Farmington: Mary Frances Borden, 33321 Moore Drive, and Marcia Regan, 23823 Lakeway.

Along The Creek In Woodcreek
EMOGENE DAVIS

Ginny Swift was hostess to the Woodcreek Farms Women's Association Tuesday afternoon of last week. Co-hostesses were Florence Richardson and Theresa May. After refreshments and a business meeting, the usual large allotment of cancer pads was sewed and bundled to the accompaniment of pleasant chatter.

Mr. and Mrs. Harry Lang joined seven of their friends for a sking week-end at Otsego, returning Sunday evening.

Mr. and Mrs. Vernon Fisher were hosts Sunday evening to the Adult Discussion Group of the Franklin Community Church. After refreshments the guests participated in a panel discussion of Geriatrics.

The nominating committee of the Woodcreek Farms Women's Association met at the home of Jo Thurston Monday. After dessert and coffee, the ladies settled down to the task of drawing up a slate of officers for the ensuing year.

It's Old Home Week at the Lloyd Nelson home on Millbrook. Their daughter, Elaine Wright, and her baby, Chuckie, arrived from Modesto, California, Sunday, for a stay of several weeks.

Mrs. Nelson spent a week in New York City, where she met her daughter, Marilyn, who arrived from Europe last Friday. Mrs. Nelson returned Monday, and Marilyn will come on in a few days, after she has completed her duties in connection with the care of the two small boys she has been tutoring during her European tour.

As a result of Zicky Reader's unfortunate accident at school two weeks ago, resulting in extensive damage to five of his teeth, an intensive safety program has been launched by Eagle School. Safety films have been shown, and it is hoped that excessive roughness on the bus and playground will be eliminated through the cooperation of parents, teachers and pupils.

Skywatchers for February 18 are as follows: 8 a.m. to 12 noon, Genevieve Fellrath and Ginny Swift; 12 noon to 3 p.m., Florence Plewis and Helen Weighman; 3 p.m. to 6 p.m., Pearl Dobson and Ethel Nelson, the last two having switched their schedule from last period to next week.

Mr. and Mrs. Nelson McCarthy were hosts to the Woodcreek Poker Club last Wednesday night. Mr. and Mrs. Paul Catterly of Elmfield Hill substituted for Fred and Zella Missal.

Woodcreek Farms was well represented at the Shrine Circus Sunday afternoon with the arrival of Boy Scouts from the

Name Social Fraternity Historian At Hillsdale

Richard E. Alexander, son of Mr. and Mrs. Edward Alexander of 32043 Shawnee Road, and a junior on the Hillsdale College campus, was recently elected to the post of historian of the Alpha Tau Omega social fraternity on the Hillsdale campus.

Dick is active on campus being a member of the Veterans Club, Sociology Club, Psychology Club and the Sailing Club. He is a graduate of Farmington High School.

"Henri Dunant Peak" in the Tozulagu Mountain Range, French Sahara, was named after the Red Cross founder in 1936 by his grandnephew, Dr. Edward Hyslop-Dunant who was the first to climb the mountain.

Some 40 or 50 youngsters from the subdivision. Transportation was provided by Arthur Busch, Bill Dornan, Andy Doyne, Norm and Andy Slay and Madrie and Mary Tyghoni.

Nelson McCarthy also took the Flaming Arrow Patrol of the Franklin Boy Scouts to the circus Saturday.

CONTROL COLDS
Ar-Sulfa-Done-It

When nasal discharge ("wet beak") and soft scalding of the face appear in a flock, the cause may be infectious coryza — commonly called a cold. Birds use Ar-Sulfa in the drinking water. Usually birds respond in 48 hours or less. With prompt treatment you can avoid heavy loss in egg production. Ar-Sulfa is easy to use, and economical. Control poultry "colds," or coryza, and make most money. Get Dr. Salisbury's Ar-Sulfa.

Birthdays Of Great Men, Yes, And More

In Their Day
the Individual Merchant and the community store was the servant of the people. Today, it is still the local merchant that gives you extra service and that you call upon to support the community. America is great because of its small and Independent Stores that make up our country's small towns. America will remain strong just so long as we remain interested in our home and the activities of our home town, its people and its business.

Girl Scout News

Troop 11 took a tour of the Twin Pines Dairy on February 9 with Mrs. Earl Luft, leader, and Mrs. Howard, driving the 12 Brodies making the visit. Mrs. Goodrich and Mrs. Jarvis chaperoned.

An investiture ceremony will be conducted for parents on February 18 by Mrs. Luft and Mrs. Goodrich. To be invested will be Sue Jarvis, Cathy Loebe, Ann Wilson, Susan Goodrich, Sharon Luft, Christine Kolozny, Robbie Howard and Shelly Spink.

Intermediate Troop 12 recently enjoyed an outdoor winter-roast at the home of their leader, Mrs. Gould. Mrs. Koch, co-leader, will take the girls of the Troop to the Shrine Circus soon. A get-together for parents of girls in the Troop was held on February 2.

The Association is planning a card party for February 23 from 7:30 to 11 p.m. at the Edgewood School on St. Francis Street. Women are invited to bring along treatments to be served and prizes awarded. Tickets will be available at the door.

Announcement was made recently that Mrs. Haas and Mrs. Moran will add an Intermediate Troop along with the Brownie Troop they now head.

IT'S LIKE TWO ENGINES IN ONE!

Announcing OLDSMOBILES NEW J ROCKET!

It's the most exciting engine development since the first Rocket was launched!

Engineers have dreamed for years of an engine that combined exceptional horsepower and torque potential with outstanding fuel economy in normal operation.

And now, Olds has it in the new J2 Rocket. You'll find it's like two engines under the hood!

In your day-to-day driving, you enjoy the smooth, alert action of the Rocket — with a 164-h.p. compression ratio. But to meet the exceptional driving situation, just open the accelerator beyond the 3/4 point and two additional carburetors automatically jet into action. There's an instant boost in torque and power. You'll appreciate the immediate response as another Olds contribution to your pleasure and safety at the wheel!

TRIPLE-ACTION RESERVE POWER!
Exceeds most of the accelerators beyond the 1/2 mark and you "call out the reserves!" The J2 Rocket then operates as three dual carburetors. J2 is available now at a modest extra cost. Try it!
