Scouts Plan Paper Drive March 30

Boy Scout Troop 45 will hold another of its Monthly Wastepaper Drives on Saturday, March 30, from 9 a.m. till 5 p.m.

Residents are urged to bring their old newspapers and magazines to the back of the Township Hall, Grand River and Farmington roads, where a semi-trailer will be unloading the papers there.

Troop 45 will also have a few small trucks cruising through city streets and various township subdivisions, making a house-to-house canvass for waste paper.

Residents are requested to tie papers in small bundles for ease in loading and unloading. Bundles of papers in the home are a hazard in our trucks they are a help, officials of the scout troop commented.

How to be a perfect husband . . .

The only real way is to clasp a lily to your breast and pass on to the great beyond.

But, you can be almost perfect by taking a little interest in what your wife has to put up with on wash day or any day when she has to struggle with old fashioned hard water.

Even if you cannot be a perfect husband you can at least be a perfect gentleman and see that she has 100% soft water at the earliest possible date.

And don't feel too righteous about it because you are really doing yourself a favor. 100% soft water in your home will save its cost to you by preventing your plumbing, cutting down the wear and tear on clothes and actually cutting your soap bill in half.

If you don't believe it call MA. 61000 and let us prove it to you. It's the perfect time to try to be a perfect husband.

Let one of our Miracle Men make a 5 Minute Demonstration for you . . .
