

Along The Creek In Woodcreek

EMOGENE DAVIS MA. 6-1407

Mae and Pat Tenny picked a fine hot day Saturday to take a group of small boys on an all-day excursion to Bob Lo. In addition to their own sons, Bart and Jim, they took Billy Reader, Mike Dornan, Doug Lam and Bill Sobrell. Terry Tenny and Jim Davis assisted in keeping track of the youngsters. The boat trip proved to be an exciting experience for the boys, and of course they had a great time on the various rides at the island. They arrived home ready to drop in their tracks, but agreed that it had been a wonderful day.

Frankfort. Beautiful weather made their stay a pleasant one, and Terry, Linda, Laurel and Holly report they had their fill of swimming, boating and fishing.

Charlie and Betty Brown report a very relaxing vacation at Old Trail Inn north of Harbor Springs. Golfing, swimming and loafing in the sun helped the turmoil and cares of the workaday world slip into oblivion, they indicated.

Just before they left, the Browns had as a house guest for a few days, 16-year-old Dick Koehler, who was on a cross-country bus trip from his home in Tacoma, Washington. Betty took him and her grandson, Dick Blood, to Ford Rotunda, through the Ford plant, to Greenfield Village and to Oak-

land Hills Country Club for a swim. Dick Koehler continued his journey by plan to Boston where he joined relatives for a trip to Europe.

Grace Fisher was hostess at a cancer pad pinning meeting Wednesday, July 31. Present were Houth Kelly and her sister, Mrs. Josephine Thompson, Theresa McKay, Helen Weightman, Pearl Dobson, Genevieve Shepherd and Alice Clark.

Billy Hoelt, Detroit Tiger pitcher, led the American League in shutouts for 1955, with a total of seven whitesaves.

Reading is seeing by proxy. Herbert Spencer.

SPARERIBS

Barbecued spareribs is a summer favorite. For some to spare allow a whole pound per person. Ribs may be less expensive if you buy a rib-end pork loin suggests the MSU Marketing Information Agent, Mrs. Josephine Lawler. If you choose a pork loin allow half a pound of the rib-end per person.

Spare about an hour and a half to barbecue the ribs, unless you prefer to parboil them before putting them on the grill. Keep the ribs about 15 or 18 inches from the coals.

MIMEOGRAPHING — GR. 4-1300

THE CARDINALS sponsored by Curt Hall, walked off with championship honors in the Farmington Little League for this season with a record of 12 victories against 6 losses. Members of the championship team and their directors were: bottom row, left to right — Ricky Manross, Don Davis, Tom Wall (that

RUNNERS UP in the Farmington Little League this season were the Farmington State Bank Tigers. Members of the team and their director were: bottom row, left to right — Greg Sutherland, Jimmy Callahan, Danny Mickelvey,

boy), Don Biggio, Wes Hansen and Mike Wall; second row left to right — Greg Benoit, Ken Houghton, Jeff Greene, Danny Eihola and Russ Robinson; back row, left to right — Coach Wes Hansen, Mike Weber, Bob Lord, Bob Byrne, Tom Thomas, Mike Gilder, Manager Bill Wall, and Coach George Lord.

Little League Farm Section Champs Named

Last Monday marked the end of Little League Farm Section baseball play.

Honors in the American League Farm Section, comprised of six teams, went to Bradley Drugs, managed by Rex Heist and assisted by Tom Thompson and Jack Slokan. Oak Pharmacy and Phil Thomas Jewelry tied for first place honors in the National League. Oak Pharmacy was managed by Jack Rickard, assisted by Don Byrd. The Phil Thomas Jewelry team was managed by Chuck Currie and ably assisted by Ross Patterson.

Normally the first place champions of the American and National League played off three games to decide the Farm Team League Championship, but this year because of problems created by the influx of ballplayers there will be no playoff.

John Urbain, vice president of the American League and Jack Byrne, vice president of the National's, felt that the season was extended to far beyond the regular closing date and felt perhaps that a hardship would be felt by parents and managers if playoffs were completed.

Jack and John expressed high praise for the wonderful support given them this year by managers and coaches who expended their valuable time and effort to give baseball to Farmington youth. This year marked the seventh year of successful activities for Farmington summer baseball play.

Old Men Trim Babe Ruth Stars

It took the oldtimers three years but this year they beat the Babe Ruth All Stars.

With the help of stellar pitching from Icaic, Hug and Harry Chapman, Sr. the old boys pushed across 4 runs to beat the tenacious young uns. It took three squads of elders to do the job, though.

Young Harvey Chapman and Thompson of the Babe Ruth Stars really extended themselves, but quantity was too much for quality.

Babe Ruth All-Star players were: E r r a i r, LaValley, Chapman, Thompson, Tinkle, MacLean, Anderson, Wall, Henry, Nathan.

Oldtimers playing were: Jones, Berling, Hawkins, Thompson, Staley, Richardson, Hug, Heist, T. Thompson, Yull, MacLean, Moore, Gilder, Heinonnen, Johnston, Er-rat, White, Allen, Sutherland, Edmunds, Adams, Stuart, Barth, Chapman and Cunliffe.

Oldtimers To Play L. L. All-Stars

This Saturday, August 10, at 3 p.m. at the Little League Field a group of managers, coaches, officers, and fathers will extend themselves and try for a victory over the Little League All Stars.

Limnet, crutches and bedrolls will be standard equipment for the old timers. An ambulance will probably be "on call" too. A good turnout of "oldies" is expected.

Do you know you can predict the characteristics of your child's eyes? Researchers for the Marine Company of Chicago report that if one parent has large eyes, the baby will probably have the same. If only one parent has slanting eyes, or if children's eyes are not likely to have this shape, although it may appear in the next generation. If either parent has long lashes, there is every possibility that the child will also have them. The baby's eye color is determined by the genes in both parents.

Plan Few Waterfowl Hunting Season Changes

No major changes in waterfowl hunting seasons are expected in Michigan this year, if basic federal regulations are the same as in 1956.

The state Conservation Commission will establish Michigan seasons and bag limits this month, after the federal framework is announced August 12.

The Conservation Department will recommend that the Commission authorize Department director Gerald E. Eddy to request "the maximum season, bag limits and shooting hours allowed by federal regulations."

Conservation Officials To Consider 32 Areas For "Any Deer" Hunting

The state Conservation Commission scheduled to meet August 9-9 at Higgins Lake, will study Conservation Department recommendations for "any deer" hunting seasons this year in 32 food shortage and crop damage areas.

Department proposals call for 60, 450 permits to be issued to hunters, with an anticipated kill of 18,540 deer of any age, either sex during the special seasons — about 500 more than the special season goal last year. This harvest would be in addition to the regular buck kill during the statewide November 15-20 season.

Last year, 60,500 bucks were tagged during the general season and another 12,720 deer were taken by special season hunters in 22 designated areas.

The 1957 recommendations include special seasons in five areas in the upper peninsula, 26 areas in the northern lower peninsula and one area in the southern lower peninsula.

The increase in the number of special areas from 22 to 32 this year would expand the "any deer" hunting area from 9145 square

miles to 12,309 square miles. However, most of the individual areas are smaller than last year and the recommended kill per square mile is actually reduced.

A major change recommended by the Department would establish concurrent November 15-30 "any deer" seasons for permit holders in all five U.P. special areas and in 12 of the 26 special areas in the northern lower peninsula. A December 1-2 special season would be held in the other 13 northern lower peninsula areas and a December 1-8 season is proposed for crop damage areas in Allegan county.

Quotas recommended by the Department include issuance of 3580 special permits in the U.P., to take 3060 deer; 53,250 permits for the northern lower peninsula, to take 15,300 deer; and 1500 permits for the Allegan county special season, designed to harvest 50 deer.

Detroit's 1956 team tied a club record by hitting 150 home runs during the season. The record was set by the 1937 team.
