MICHIGAN BELL  
telephone lines

DO YOU KNOW there's a place in the United States where you can reach four states without moving? It's at the southwestern corner of Colorado with New Mexico to the southeast, Utah to the northwest and Arizona to the southwest.

AND THERE'S ANOTHER PLACE where you can reach almost everywhere in the world without moving. It's the place where your telephone sits. That telephone is your magic carpet — far faster than a jet airplane and much, much less expensive. For less than ten dollars you can talk with people in England, Germany, Norway, the Netherlands, or dozens of other places. For less than two dollars you can be talking with friends or relatives in California. You don't know anyone in California? Well how long since you've talked with your sister — or brother? Remember you can call places a day's drive away for less than a dollar.

AND SPEAKING OF LONG DISTANCE — you may think you're a long distance from a phone, yet you need to make a call. If so, just keep your eyes skinned for one of our many Public Phones — in stores, gasolinic stations, and in handy roadside Telephone Booths. They're a real boon to travelers who call back when they forget something, call ahead to let folks know when they'll arrive.
