

# Kendallwood Comments

By EMILY ORR 474-7499

After about four years of absence, your truly will try again to report on the Kendallwood area. Since writing last, our family has increased and we are one-half dozen now. My husband, Chuck is still active in the R.Y.A., which sponsors softball racing. Still have our 26 ft. fiberglass "Sierra" and did a lot of cruising with it this summer.

Our boys are a very experienced crew so mother takes a back seat but still has the rating of "first mate." Greg and Steve are also in the newspaper business, daily delivery that is and Stala is now eight. She enjoys sailing, swimming and has graduated to the intermediate ski slopes last winter. Dan, our youngest who will be four, started his skating last winter and of course has been sailing since birth. Enough about our family, now for some news on vacation especially that is comes to a halt very soon.

LET'S SEE—the Steve Mazurek family of Quail Hollow took a full month and drove to California. "They wish they could have two months next time for the trip west." The Richard Homers also of Quail Hollow, went to Kentucky, while the Cate family went to Expo in Montreal, and so did the Don MacLennan family from Peppermill.

Mrs. Ann Breznick and family visited family in Cleveland.

The Jim Hildebrand family of New Castle had a splendid vacation up North; stayed at St. Ignace and one of the highlights of their trip was to visit Mackinac Island.

A speedy recovery is what all of us in Kendallwood wish for Mrs. Peg Wagoner who had a very unfortunate accident recently at the 12 Mile shopping area. Drop in on her or send a card. Peg lives on Quail Hollow.

WE ARE LOSING a few families from K-1.

The Joe Armstrong family moved recently to Rolling Oaks. Then next week two more families will make a move. The R. Senat family of Hawberry will move to their newly built home at Rolling Oaks. Incidentally Mrs. Senat's mother is here from Germany and will remain until fall to visit friends and family.

Mr. and Mrs. Lee MacCallum and their five daughters of Peppermill will move to Canterbury Commons. Mrs. MacCallum was honored guest at a luncheon recently at Michus "Red Fox". She was presented with a housewarming gift of lovely T V tables. Some of the women present were Mesdames Virginia Webster, Sue Babcock, Ruth Slade, Lucille

Ehlers, Phillips Botwell and Barbara Haigh who also moved this June from Hawberry. Mrs. Marge Shields was hostess at a coffee for Joan.

CONGRATULATIONS to the Members of the Kendallwood Swim Club who presented the Water Ballet entitled "Through the Ages" last Thursday. Weatherman cooperated and from the applause everybody was very well entertained. Director of the water show was Mrs. C. Gutknecht. The cast presented her a dozen red roses.

ANNE M. PHILLIPS

Wonderful as a trip may be it is great to get home, especially when one has such a nice place to come to. We rescheduled home about 1 a.m. last week Thursday morning. In the morning I was visiting Mary Tygben and she told me a group was gathering at Wilma Carden's for coffee. I decided to rush up to get some news, which follows.

Wilma was having the coffee in honor of Marian Lam's mother, Mrs. Smith, who has

made a nice long visit here. She of course had to be here for her granddaughter's wedding. Dick plans to drive his grandmother back to her home in Kansas. She drove on and let the honeymoon couple use it on their trip. Dick will fly back from there.

Conrad will be leading the Franklin band Labor Day, after which he leaves for Vienna, Austria, where he is moderating on a panel.

GRACE FISHER had a small luncheon for eight on Tuesday, the 22nd, for an old friend,

Mrs. James (Clara) Sample who has lived in Northville for many years but has now given up her home there and moved into the new Echo Valley Apartments at 12 Mile and Orchard Lake Roads. Grace wanted her to meet local people to become acquainted here. Grace, with daughter, Marj, and grandson, Wally, then took a trip north to Canada Creek Ranch.

They also drove to the Saute and crossed the bridge into Canada so Wally could say he had been in that country. They stopped in Frankmouth for lunch to enjoy Bavarian cooking and returned home Friday.

DICK AND DOROTHY Wheeler drove to LaPorte, Ind. for the golden anniversary of Mr. and Mrs. Chalk. Mr. Chalk is chairman of the board of the American Rubber Co. Dick's company. It was to be a surprise party, but it was the guests who got the surprise for the

Chalks did not arrive. They finally got the state and city police to find them. They were found in Chicago and finally arrived at their party about 3 p.m.

Mildred Hummon was among those present so I learned that she had had a group up to their golf course, the Arrowhead Golf Club at 1 75 and Lapeer Road, for golf, lunch, and bridge.

ON REACHING home from this luncheon I looked in my mailbox and was so thrilled to find news notes had been put there. I have no words to express my appreciation so I'll just say a very sincere "thank you."

From Shirley Champagne: "We were quite proud of Susie this past week as she made top honors in her class at the 4-H Fair. She took, as her project, dog husbandry and had to make a notebook with all the things she could find about dog care. She got a blue ribbon

for it plus a state show ribbon, then a first place rosette ribbon and beautiful bronze trophy."

IT HAS BEEN a very busy, happy summer for the Champous. Tommy was in his first year in Little League which he loved. Then the family took a trip to Sleeping Bear, Traverse City, and Mackinac. They stayed a few days in Traverse City to visit an aunt whom they had not seen since last winter. They also went to the Soo.

On arriving home from this trip, which was the last two weeks in July, they drove to Brighton to take Susie to a church camp where she enjoyed a week. After camp she had but three days to get ready for the 4-H Fair. In addition to the dog husbandry, she took some vegetables and also entered the dog obedience class in which she placed second and received a red ribbon.

### Are you getting the whole story on dryer costs?

Maybe you've heard an electric dryer costs more, per load, to operate than a gas dryer. But, compare original dryer cost. Model for model, you pay \$20 to \$40 less for an electric dryer. And you get Free Installation on newly purchased electric dryers, except venting, on Edison lines up to and including four-family flats. And No Charge Repair Service. No charge on electric parts or labor. You can't get free protection on a gas dryer, if you have to replace the motor on one, it can wipe out whatever small per-load savings you may have accumulated. So when you hear about the pennies per load you might save with a gas dryer, think about the dollars you save over the life of an electric dryer.

Do you qualify for **FREE CHECKING?**  
You probably do at Metro!

The chances are you keep \$162 in your checking account throughout the month. But unless you bank at Metropolitan National Bank of Farmington you'll pay a monthly service charge. Not so at Metro! \$162 eliminates all checking account service charges. Or keep \$362 in 5% savings certificates and your checking is FREE from service charges. It's easy to qualify for **FREE CHECKING AT METRO.**
