Not Necessary

It is not necessary to eat cold, kitchen-made toast—nor very appetizing. You can serve it as toast all ways should be served—hot, crisp and delicious—when you have an

Electric Radiant Toaster

standing before you on the breakfast table. Beautifully finished in polished nickel and an ornament to the breakfast-table. You can toast two pieces of bread at the same time, while the top may be used to keep the coffee-pot hot. Costs but little to buy and only a few cents to operate.
