

Laxative for Women Free

There is a great difference in the purposes to which a laxative should be put. Tablets and pills, salts, etc., are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all times needs only a mild laxative—in fact, none other is needed by anyone, weak or strong though they may be, for the object is simply to move the bowels and if a gentle laxative will do it, what is the use of a violent one?

Dr. Caldwell's Syrup Pepsin has earned a well-deserved vogue among women and children and old folks—people who must necessarily be careful of what they take.

It is a liquid laxative tonic and naturally the greatest stomach, liver and bowel remedy before the American people. Its price is only 50 cents of a bottle. It comes in both sizes, and all druggists sell it. Its pleasant taste and effectiveness make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn and such other digestive complaints. Its use for a short time will remove the trouble entirely so that future recurrences will be unnecessary. Its tonic properties build up the stomach and intestinal machine so that they act naturally again. That this is so is the experience of many happy families, like Mrs. Brown, of Alameda, Va.; Mrs. R. L. Stout, of Louisville, Ky.; and numerous others. In fact, say our Williams, Cal., as Mrs. J. E. Blackmore, of that place writes, "The whole crew seems to be using it."

If it is new to you and you want to make a trial of it before buying, send your name to the doctor's address as below and a free bottle will be sent you. Then, if results are satisfactory you can buy it of your druggist.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. W. Caldwell, 500 Caldwell Bldg., Monticello, Ill.
