## Complaints may be taped

The Board of Oakland County Road Commissioners is considering recording all calls on road complaints. Vice-chairman John R. Omsi Jr. made the suggestion because he was frustrated by his inability to prove or disprove occasional citizen complaints of abusive treatment by road commission employees during discussion of road problems. Chairman Fred L. Harris agreed that a record of complaints might be useful also in defending against the proliferating lawsuits being filed against county road commissions and other public agencies. He said the taping device should be automatically activated and not dependent on manual control.

JACK COTTON

## Cotton elected Hall of Famer

Jack Cotton, Farmington schools athletic director, recently was elected to the Michigan High School Coaches' Association Hall of Fame. Cotton has served as athletic director in Farmington for the past 20 years and last year was selected Michigan Athletic Director of the Year for 1975. Cotton, a former Wayne State University football and basketball coach, was selected for his latest honor by coaches from around the state who vote yearly to induct new members into the elite group. Formal induction ceremonies will be conducted on Saturday, March 20 at Michigan State University's Kirling Center in East Lansing. The ceremonies will be held between the morning and afternoon games of the state high school basketball semi-finals. During the day-long event, the high school coaches' association holds its annual banquet, induction and honors all Hall of Fame members and past coaches of the year. The Hall of Fame is located on the Central Michigan University campus in Mt. Pleasant.
