Vocational education fights to train district teenagers

order to bridge the gap between tearning and earning.

"Employers are always looking for the special person who comes out high school and known how comes out high school and known how to handle between the job without much transless by the people already on the job." any Earl Buspeys already in the job service disease.

"When students leave our vecational education programs, they are better equipped with the stills that make them desired by many businesses and treads."

To status this destred job performance leave, the destrict's overalisma education desired by the programs of the stills that make them desired by the programs of the programs of
