State Police use CBs on I-94 and I-96

Improved State Police response to motor-ust emergencies along the 104 and 168 free-way corridors in Michigan through exizen band radio coverage became fully oper-sistencial over the Memorial Buy weekend. The department had tappied the first of the month no a starting time from the extra to be continuous and is being established following good response and acceptance of a pilot operation carried out since the first following good motorists of this State Po-lice coverage on CB channels 9 and 19 have been set up at seven strategic loca-lighways Department. State Police call letters are KZL-3008.

CHANNEL 8 is the national charmel for remergency traffic and should not be used for non-emergency commanications. State Folice hope their use of Channel ils more commonly known as the trucker's channel, will enable troopers to enhance their rapport with the motoring Chequip-ned public in addition to expediting neces-tive their control of the common and and The State Folice will imanish the CB radio band coverage through facilities in stalled in about 25 patrol care and at 11 base stations along the Interstate 94 and 86 comptions.
