Plan AAU Swim Club In C'ville

A new dimension is being added to the Claremoreville school district's swimming program with a swim club being organized to promote AAU competitive age-group swimming. The club will be open to boys and girls six years of age and older. To be eligible a swimmer should have the swimming skills equivalent to those necessary to pass the Red Cross swimmers course.

The summer sessions of the swim club will be held June 23-27, July 8-12, July 15-19, July 22-26, July 29-August 2, August 5-9, August 12-16 and August 19-23.

Fees will be \$25 for ages 10 and under to meet for one-hour sessions, five days a week for eight weeks, and \$55 for ages 11 and up to meet for two-hour sessions, five days a week for eight weeks.

Registration will be from 9 a.m. until 11 a.m. June 16-20 at the Claremoreville high school office and Saturday, June 21, at the pool entrance in the high school from 9 a.m. until 12 noon.

Further information may be obtained by calling pool director William Waters at 476-2270.

Consumers Links Up Outstate

Michigan's Consumers Power Company made its first direct electric system connection with an out-of-state company during a ceremony in a switching station at the company's Palisades nuclear plant.

The closing of a switch in the station officially synchronized the Michigan power pool with Indiana's and Michigan Electric Company and through it with utilities in Indiana, Illinois and Ohio.

An additional leg of the four-state loop will be made at a later date, connecting Detroit Edison, Consumers Power Company and Toledo Edison.

"This interconnection is a tremendously important development from the point of efficiency and reliability," said A.H. Aymond, chairman of the board of Consumers Power Company. "Mutual assistance is one of the major reasons for the connections between these utilities. Each is pledged to help the others in case of emergency."

"Moreover," he added, "The Michigan power pool will be able to exchange power on a seasonal basis with other utilities, with subsequent economies to all."
