Frozen yogurt is gaining fast in popularity with the teen crowd.

Like that perennial favorite, ice cream, it comes in cones or small cups and in various flavors. And like ice cream, frozen yogurt in vanilla flavor is most asked for, with chocolate the second choice.

Have the same energy bill in winter and summer.

I'm a Customer Service Representative at a Consumers Power payment counter. And since I see heating bills everyday, I know how they go up and down like Michigan's temperatures.

But you don't have to wait from one month to the next to find out what your bill is going to be.

With our Equal Monthly Payment Plan, you can have the same bill in winter and summer. Here's how it works. We'll average your yearly bill, then divide it into 12 equal payments. Once a year your account will be balanced for over or under payment.

The Equal Monthly Payment Plan won't save you money, but it will help you in planning your budget. Call Consumers Power Company and ask for the Equal Monthly Payment Plan. It sure works well for me.
