Red Cross offers first aid classes

Red Cross First Aid courses will be offered this fall throughout Southeastern Michigan. These courses provide instruction in accident prevention and emergency care in the event of sudden illness or injury.

Basic First Aid, a 9-hour course, teaches skills and knowledge critical for saving life and minimizing the severity of injuries, including accident prevention.

The Standard First Aid and Personal Safety Course is designed to prepare people to meet the needs of most situations where emergency first aid care is required. This 14-hour course presents personal safety and accident prevention to acquaint people with the causes of accidents.

Advanced First Aid and Emergency Care is designed for people who are

responsible for giving emergency care to the sick and injured. This course, which requires a minimum of 40 hours, provides the essential information for policemen, firemen, emergency squad members, ambulance attendants and other special-interest groups.

Cardiopulmonary Resuscitation (CPR) teaches both basic life support

and how to restore heartbeat and breathing in a victim by the application of both external heart compression and mouth-to-mouth resuscitation.

Classes are held days, evenings and Saturdays free of charge. For dates and locations call the Red Cross at 833-4444.
