

## The fashion plate

# First you look at the face

By RUSTLE SHAND

There's something new on the fashion scene, somebody new in town—a face-maker who will design a new face for you, incorporating all the newest fashion trends, but created for your lifestyle, around the clothes you wear, the way you wear your hair and the image you want to create.

You may, if you wish, have an everyday subdued natural face designed for you. One that will help to conceal any flaws you may have, such as puffy-looking eyes or dark circles, or a nose that could benefit from the illusionary aspects of shadow application. A round face can be made to appear oval, an oblong face shortened—all measure of improvements can be made through proper makeup application.

Or, you may be looking for the more sophisticated, stylized face currently in fashion. The darkly-smudged Dior eye, brown tones contouring the cheek bone and continuing on up to the brow bone.

And then, again, you may simply want a personalized makeup without feeling the pressure of having to buy a product. You may just want to know how to care for your skin, using a minimum of makeup.

At Gerald's in Franklin Village on a Thursday, Friday or Saturday, you will find face designer Wanda D'Angelo. A petite young woman, she has learned to make the most of her own appearance, capturing the European look through classic simplicity in clothes, with just the right scarf artfully draped over her shoulders and most importantly, how to make a jewel, a thing of beauty, out of her face.

Wanda D'Angelo believes "80 per cent of the women in this country fail to realize that skin

care and makeup are as important as hair or clothing and that without the makeup, you don't have a total look."

By private appointment at Gerald's Franklin Salon, and for \$30, Miss D'Angelo will analyze and chart your skin, giving you a mini-facial which consists of cleansing, toning and moisturizing, and a complete new face through makeup application.

Exclusive French skin care products and cosmetics from the Orlane house are used by the face-maker and are also available for purchase. Orlane carries very interesting products, including special Kohl pencils for lining the "sills" of the eye and is one of the few companies who still provides cake mascara which they claim is more becoming and natural looking than the roll-on variety.

Orlane's "hydra-tonique," which contains a special mineral water, is sprayed on the face just before an application of moisturizer and may also be used to freshen makeup during the day.

There is also an eye balm made from that certain section of a bee's brain called royal jelly, which sells for \$15 a small jar. There is also a super-expensive line of Orlane called "B 21" with a secret ingredient that temporarily plumps skin and diminishes lines. A small jar of this is \$85. Full-winter fashion colors for faces are in shades of plum reds, red-reds and very-berry reds. The emphasis is on the mouth, but eyes remain very important and particularly new is the "kohl" eye. The Kohl pencils, exclusive with Orlane and available in many colors, are \$2.50. The emphasis is on the mouth, but eyes remain very important and particularly new is the "kohl" eye. The Kohl pencils, exclusive with Orlane and available in many colors, are \$2.50. The Kohl eye with cheek color and lipstick may well be all the makeup you will need this season. The more mature a woman is, the less makeup the better."

## Volunteers

The Oakland County Volunteer Bureau, a program of the Volunteer Action Center of United Community Services, has weekly listings of agencies needing volunteers. Further information about these and over 200 other agencies needing volunteer services may be obtained from the bureau, 642-7272.

OAKLAND COUNTY DEPARTMENT of Social Services in Pontiac has a drop-in care center for preschoolers, whose parents have business in the building. Volunteers are needed to supervise the child care room. Duties would be supervising the following: proper registration of the children, purchasing supplies, proper cleaning of room and equipment, maintaining two adults in the room at all times, interviewing, scheduling and training clients who will serve as aides, and to evaluate and restructure this project if necessary. The ability to organize and supervise is important, and orientation will be provided by the volunteer coordinator.

MICHIGAN CANCER Foundation in Berkley needs volunteers to handle clerical work relating to their greeting card program. This would be a limited commitment of six hours a week during September and October only.

ROYAL OAK SOCIAL SERVICES is seeking volunteers who would be interested in participating in an on-call program. Volunteers who would like to offer their help in visiting shut-ins and lonely people who need companionship and a friend to share thoughts with, you find their own lives enriched by this contact. This agency would like to have names of people interested in being called at a later date and willing to offer a little time to brighten the lives of those who are home-bound. Volunteers are also needed for telephone reassurance. All will have training by a case worker and will be placed near their own home. Ages from mature teens on up with their own transportation could arrange time with their new friend at their convenience.

OAKLAND COUNTY Mental Health Services in Pontiac has a need for volunteer help in their Camp Oakland program. Supervision by volunteers will be needed to assist disabled adult persons attending the camp program. Aug. 28-Sept. 2. Hours will be 9 a.m. to 3 p.m. Help in swimming and boating is needed. This program can use mature high school and college students as well as older adults. School credits can be obtained for those working in related fields.

# echo park school

Learning at Echo Park means small classes where individual needs are easily met, and children are accepted at their own level of development; where they are encouraged to be curious and creative in an atmosphere of freedom within a certain structure. Echo Park means a rich natural environment on a 115 acre site in Bloomfield Hills; where children study wildlife and explore it's many lakes and nature trails.
