Why has Lake Miramichi been so successful? Why have over 700 families purchased property at the "Actionland" of Michigan's fabulous north country and now enjoy the advantages of membership?

Because Lake Miramichi offers benefits, not promises. The fish are here. Big northern pike, tackle-busting bass and feisty bluegill.

There's a family campground where members can enjoy the outdoor life until their cottage is built. Here, also, is a complex of permanent boat docks and a marina for launching boats of any size. Shady picnic groves are spaced some 1200 feet apart all around the lake, and there's a beautiful 900 foot sandy beach with snack shop conveniently located nearby.

But the most important benefit at Lake Miramichi is the privacy you will enjoy in the company of good neighbors.

We invite you to see Lake Miramichi and sample the benefits of membership this weekend. You'll want to buy property, too. Make your plans today, won't you?
